CARNOISSEUR

MAIL ORDER AND SPECIALIST SHOPS

Dear Enthusiast,

Welcome to our 1996/7 catalogue, packed full of the excellent value, top quality products all Carnoisseur customers have come to expect.

This year we have introduced even more features to make shopping with us a simple but exciting procedure:

- ★ Many new product lines, including the latest in alloy wheels; steering wheels; audio etc.
- ★ New credit facilities for customers wishing to spread their payments over several months.
- ★ More telephone lines and computer systems for speedier transactions for our mail order customers in particular.

Buying quality car accessory products has never been easier – just pick up the phone and call our 24 hour mail order service or, if you prefer a more personalised service, visit one of our established retail branches.

"Carnoisseur – run by enthusiasts for enthusiasts".

We all look forward to hearing from you.

1 Cheque (please do not send cash through the post). Please make payable to Carnoisseur.

2 Postal Order.

3 Credit Card. We accept the following credit cards: Visa, Access, American Express, Diners Club and Switch.

4 Countdown Card holders welcome.

5 Credit facilities now available for shop and mail order customers.
Written quotation available on request.
TRANSAX.

CATALOGUE PRICES

Please note that our prices **include** VAT @ 17½%. All prices in this catalogue are correct at time of going to press and our priority is to negotiate with our suppliers to keep prices constant for as long as possible; however, price adjustments may have to be made and therefore we reserve the right to alter prices without prior notice.

CARNOISSEUR SERVICES

Customer Advisory Service: Enquiries can be answered and product information be supplied by telephoning DUNSTABLE (01582) 471700.

Also a 24 hour answering service will accept your message any hour of the day or night and your enquiry will receive our prompt attention.

TRADE DESCRIPTIONS

Every care has been taken to ensure description and specifications are correct at time of going to press. We must, however, reserve the right to alter prices and specifications without notice as circumstances dictate. Although the colour printing in this catalogue is a good representation, slight variations must be expected. All products are offered subject to availability.

THE WINNING FORMULA

BBS ROAD WHEELS Manufactured in Germany.

1 BBS RS II. Two-piece road wheels.

BBS presents a wheel of a new kind: the RS II. Technical innovation, the latest production methods, the best materials and sophisticated manufacturing process make this their masterpiece.

From Technique to Design.

The RS II wheel is the perfect shape. Due to the novel two-piece construction, BBS have succeeded in moving the centre section far out of the depth of the well. This has never been possible with three-piece wheels before. The wheel seems optically larger and shows the particular design of the centre section even better. That you don't see a valve is another technical innovation of the RS II wheel: the valve body is integrated into one of the fasteners. This way it does not distrub the harmony of the design and at the same time is protected against damage.

From Guarantee to Theft Protection.

The RS II, with its high-quality material, sophisticated production and careful processing, unites all these qualities which make it a real "marathon runner". For each of BBS's masterpieces they give you an especially long-lasting promise of quality: a five-year guarantee for the flawless finish and functioning of all components as well as a ten-year guarantee on the structural stability of the RS II wheel. The collision protection and the two-piece structure make it easy to carry out repairs on the RSII. In case of damage it is not necessary to replace the entire wheel, but very often only one of the wheel components. BBS offers this special repair service as a convenience to the customer.

The lug nuts/bolts supplied are designed in such a way that they can only be removed with the help of a special adapter. This will give you reassuring security that nobody but yourself has the "key" to this unique wheel.

2 BBS RX

A prime example of direct transfer from motor racing technology to street car production. The real GTC look by BBS.

3 BBS RZ

Single-piece, ten spoke classic design.

1 BBS RS II

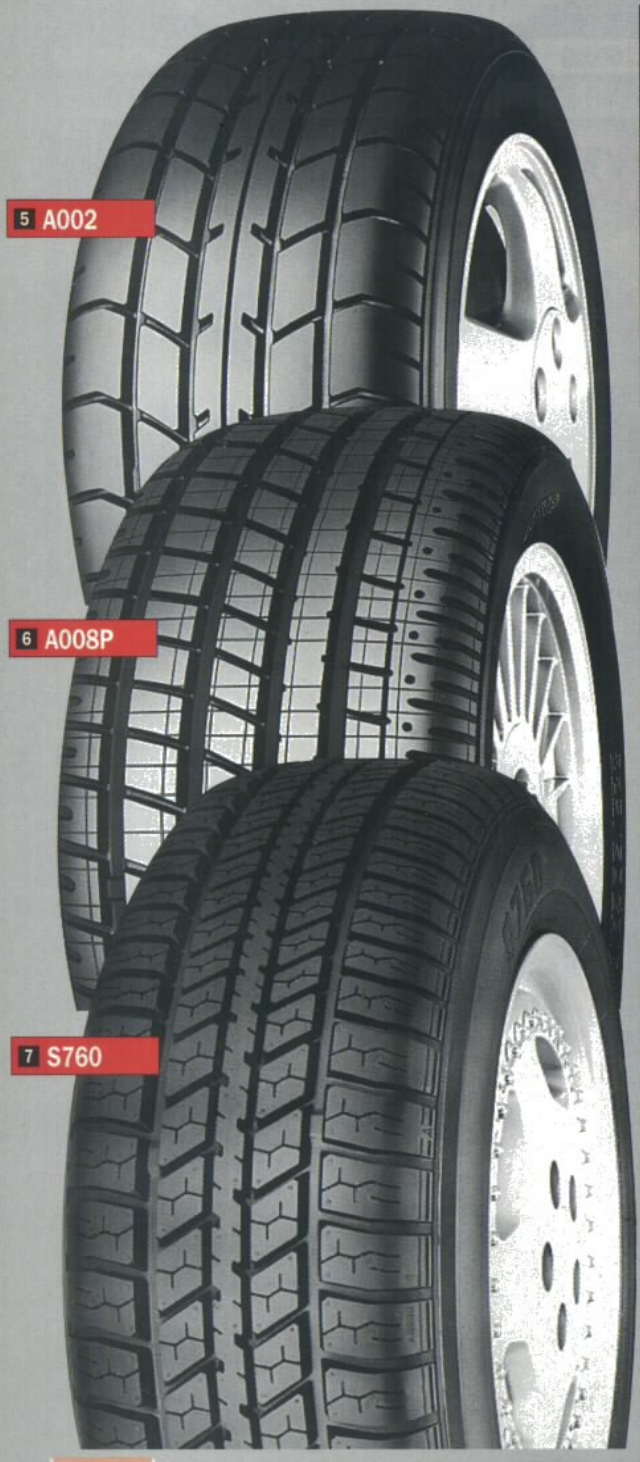
MINILITE WHEELS — THE ORIGINAL MINILITE ALLOY WHEELS

To many motoring enthusiasts throughout the World, the '60s and '70s were the Golden Age of motoring. At the heart of all the racing and rally successes was another legendary name – Minilite, the wheel of the period, whose success was in the strength, reliability and lightness of its wheels. Minilite has returned to the motoring world and the original Minilite wheel is once again available for motoring enthusiasts of the '90s.

YOKOHAMA



5 A022 O.E. FITMENTS

The A002 series of ultra-high performance radials. Specifically developed as original equipment for such high performance vehicles as the Honda NSX and the Toyota MR2.

1 YOKOHAMA AVS. ADVANCED VEHICLE SYSTEM

Yokohama invite you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System – AVS. AVS was born between the circuit and the street, in a world where speeds beyond 300kph (186mph) are 'ordinary'. AVS tyres aren't just improved street tyres, they are racebred, professional-quality radials specifically designed to bring the performance of the circuit to the street. At last there's a quiet, comfortable tyre that delivers ultra-high performance. That's the AVS design philosophy. At last there's a quiet, comfortable tyre that delivers ultra-high performance.

2 YOKOHAMA A008. ULTRA-HIGH PERFORMANCE ROAD & COMPETITION TYRE

Many radials perform well, but not many can perform as long and hard as the A008. Its tough, steel belted radial construction provides powerful tread support for stable cornering and braking at high speeds. Full nylon belt covers prevent belt rise, and rigid bead fillers ensure crisper handling and lightning-quick steering response. The extraordinary performance radial.

3 YOKOHAMA A510. HIGH-PERFORMANCE ROAD TYRE – THE LASTEST FROM YOKOHAMA

A unique tread pattern and profile for an entirely new kind of high performance tyre developed from Yokohama's advanced technology and racing spirit in the global motorsport arena. Now one tyre receives the full benefit – the Yokohama A510. With the MGP tread pattern that raises performance in the wet with no sacrifice of massive grip in the dry. With four-in-one blocks that dramatically improve cornering performance. And other features, like the FT-410 tread compound that predictably delivers high grip under varying conditions, yet wears tough for a long tread life. It's no ordinary tyre. It's tuned to perform at truly world class levels – it's the innovator.

4 YOKOHAMA A509. HIGH-PERFORMANCE ROAD & COMPETITION TYRE

Race circuit proven to deliver the most advanced high performance radials. Realise your driving potential on Yokohama's A509. Superb high-speed stability, crisp steering response and cornering power designed from the circuit. Redefined for the street. A series cultivated for the driving experience.

CARFLOW

1 £24.95

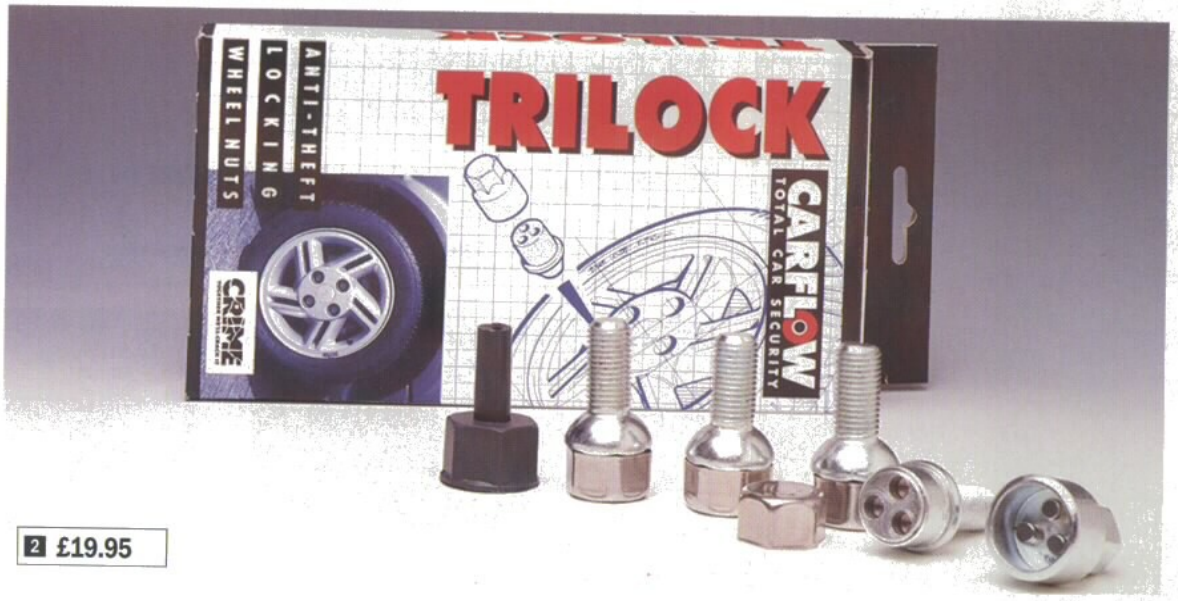
1 WHEEL CLEAN DISCS

The only answer to keep wheel dust off your wheels. They can actually prolong the life of alloy road wheels.

- Easy to fit.
- Will not cause overheating or affect brake performance. Suitable for most makes of alloy and steel wheels.
- Approved to German T.U.V. standards for BMW, Ford, V.W., Mercedes etc.

Wheel Clean Discs (pair)
142 1653 OUR PRICE **£24.95**

Please specify car make, model, year and wheel make and size when ordering.



2 £19.95

2 LOCKING WHEEL NUTS AND BOLTS TRILOCKS

Carflow Trilocks have been carefully designed to provide security for your valuable wheels and tyres, whilst being safe and practical to use.

- Suitable for alloy and steel wheels.
- Fitted in minutes – just replace one nut/bolt per wheel.
- Approved and used by major vehicle manufacturers.
- Lightweight design – no need to rebalance your wheels.
- Corrosion free.
- Over 250 different key combinations.
- Wide range available for virtually all cars.

Trilock Nuts/Bolts (set of 4)
143 1654 OUR PRICE **£19.95**

Please specify car make, model, year and whether for alloy or steel wheels when ordering.

3 from £17.50

3 WHEEL SPACERS

Universal Wheel Spacers. Pack contains 2 universal high pressure cast spacers. Accurately machined to be dimensionally correct and totally parallel. Fits most vehicles.

KYB

1 KYB GAS SHOCK ABSORBERS

Kayaba is one of the world's largest shock absorber manufacturers supplying original equipment as well as replacement shock absorbers. Through the continuous and intensive test programmes on various European roads they have built up a full range of top quality replacement shock absorbers for European and Japanese cars.

These gas shock absorbers combine extremely good value for money with excellent quality.

KYB Gas gives a satin-smooth ride plus the better response only gas shocks can deliver.

Patented valving plus pressurized Nitrogen gas account for riding comfort and at the same time, dramatically reduce the aeration or foaming that commonly occur in conventional shocks and cause performance to start fading, even after only a few minutes in operation. Preferable for the customers who want to feel the difference.

KONI SPORT

KONI SPORT SHOCK ABSORBERS

Koni quality is already a legend which is backed up by a two year unlimited mileage warranty. This is an indication of the research, materials and expertise that go into their production process. Not only are Koni the best performance dampers in the world, they also have the largest range. If your car is not listed below please call for application and prices.

The Koni sport range is for the true car enthusiast. For lightning acceleration, effective braking, reliable steering at high speeds and extreme driving conditions KONI SPORT are the only dampers to choose.

KONI SPORT dampers for the front of the cars listed below are externally adjustable by means of a knob (top adjustable) or pin without removing them from the car. The rear dampers are adjustable but may have to be removed from the vehicle.

KONI SPORT dampers are all finished in bright yellow and in most cases are "gas". The popular vehicles are listed. However, KONI have the largest range of fully adjustable shock absorbers in the world, therefore please enquire if your vehicle is not listed.

KONI SPORT SHOCK ABSORBERS

Above applications and prices are as accurate as possible, however vehicles do vary from year, model and type. Please check when ordering.

GAS ADJUSTABLE

ADJUSTABALE SHOCK ABSORBERS

A range of adjustable telescopic shock absorbers which are interchangeable with the origin equipment dampers. The shoc absorbers feature a 14 positi instantly adjustable, self-locki mechanism. Available for a f range of marques, such as Caterham, Lotus, Ginetta, T Jaguar, Porsche as well as present day vehicles.

NEW MANY FITMENTS SPECIFICALLY DESIGNED FOR USE WITH LOWERING SPRINGS

TOP ADJUSTABLE

TOP ADJUSTABALE STRUTS & INSERTS

- Rapid simple adjustability enables transformation of your car's handling in seconds
- 10 position positive click adjustment clearly defines the chosen ride handling setting
- Engineered to compliment Spax adjustable shock absorbers and Spax sportsprings
- Extensive product development by engineers accustomed to the exacting demands of Motorsport
- Big knob supplied for ease of adjustment

PAKSPAX

- **4 Shock Absorbers**
- **4 Sportsprings**
- Wide range of settings
- Easy on car adjustment
- Lowers car 25mm approx
- All-in-one set of high quality Spax adjustable shock absor and Spax lowering springs
- Most kits contain Spax Top Adjustable units
- Everything you need to transf the ride and handling of your
- Perfectly matched componer developed and tested by Spa motorsport engineers
- Application for most popular
- If your car is not listed please

SPORTKIT

- Gives sport appearance
- Improves handling
- Lowers car 25mm approx
- Quality engineered set of Spax Sportsprings and De Carbon monotube gas pressurised shock absorbers
- Everything you need to transform the ride and handling of your car
- Perfectly matched components developed and tested by Spax motorsport engineers
- Kit may be upgraded at a later date with Spax adjustable shock absorbers
- 2 years unlimited mileage warranty
- Applications for most popular cars

Eibach SPRINGS

EIBACH LOWERING SPRINGS

Eibach built an enviable reputation for supplying very high quality springs to many of the world's leading motorsport teams.

We offer Eibach 'Pro Kits' – progressive rate lowered springs for road use. See table for applications and prices.

Eibach offer a large range of springs. If your vehicle is not listed, please enquire. The springs lower the car between 30-40mm (depending on the type of vehicle).

(Supplied in sets of 4 except where indicated.)

NOTE +, 2 springs only in kit. All other kits contain 4 springs.

1 FERODO HIGH PERFORMANCE BRAKE MATERIALS

ROAD PADS - 3466F

For the discerning Hot Hatch and Saloon Car driver who demands the ultimate in braking performance.

3466F is an abestos free race developed material that has ideal operational characteristics for heavy duty road use.

- Exceptional fade resistance up to 600°C.
- High coeficient of friction – 0.42.
- Low disc wear rate.
- Low and high speed braking efficiency.
- Exceptional low and high temperature performance.

2 DIAMOND HIGH PERFORMANCE BRAKE DISCS

Diamond cross-drilled and grooved discs have serveral advantages over Original Equipment discs. They considerably reduce stopping distances, give an excellent resistance to fade, efficiently remove gases between disc and pad as well as deglazing the brake pad.

These discs work particularly well with the FERODO brake pads listed above, but are also suitable for use with Original Equipment pads. Once fitted the black finish will automatically be removed upon braking, leaving the discs in the familiar bright state.

All Discs are supplied and priced as pairs.

CARNOISSEUR
All Prices Include VAT

3 BRAKE CLEANER

Hycote Brake Cleaner provides speedy and effective removal of dirt, grease, brake fluid, brake and clutch lining dust from clutches, brake drums, shoes, discs and callipers.

400ml
171 1239 OUR PRICE **£4.95**

4 AUTOMEC SILICONE DOT 5 BRAKE 7 CLUTCH FLUID

THE ULTIMATE IN BRAKE FLUID TECHNOLOGY

Developed and tested rigorously over many years. Automec's Silicone Brake Fluid complies fully with FMVSS 116, ISO 4925 and the latest D.O.T.5 specifications.

UNIQUE PROPERTIES

Non-Hygroscopic: unlike conventional fluids (which ideally should be changed each year) Automec's Silicon Brake Fluid does not attract or absorb water vapour. This eliminates brake component corrosion and loss of braking efficiency through vapour lock.

Non Corrosive: does not harm paintwork nor does it have any harmful or corrosive effect on rubber seals, plastics or metals in the braking system.

Complete with tie on tag which can be secured to fluid reservoir to guard against the accidental topping up with the wrong fluid.

TAR • OX BRAKING POWER

- High Performance Brake Disc/Pads
- 6/12 & 40 Grooves
- Magnesium Alloy Race Calipers
- Maxi Grip Brake Drums
- For Road, Rally or Race
- Direct replacement Discs for most European Models.

TAR • OX DISCS, DRUMS AND PADS

Available in 6 and 12 groove for fast road use and 40 groove for highly modified road cars and race use, they offer improved brake fade characteristics through:

- Automatic pad de-glazing
- Higher braking temperature range
- Tighter machine tolerances.

Improved grip is also achieved through the use of a high grade and slightly softer disc material. Available for a wide range of applications in both front and rear discs and drums with the pads available in heavy duty road compounds.

FULL RANGE AVAILABLE, PLEASE ENQUIRE IF YOUR CAR IS NOT LISTED

BREMBO GOLD

HIGH PERFORMANCE BRAKE DISCS

Brembo Gold Service. Cross drilled and slotted brake discs for most performance vehicles.

Manufactured to exacting European specifications, these discs improve the braking response and fade resistance on all fitments.

- The optimum number of grooves create minimum hot spots, while at the same time de-glazing the pads and allowing rapid gas expulsion.
- Drilled holes for extra cooling.
- All prices are for a pair of discs.

brembo
Prices are for pairs of discs inc. VAT.

PIPER
1 PERFORMANCE EXHAUST SYSTEMS AND REAR SILENCERS

The Tornado 2 range of exhausts combines sound, style and an average of a 10% power increase – all at little extra cost over a standard replacement system. Systems come with 4" oval or 3" round chrome tailpipes and systems are black wrinkle finish.

Tornado 2 Systems give you:

- Distinctive looks
- Individuality
- Great sound
- Increased power
- Big bore
- Easy fitment
- Superb finish
- Fitting kit and instructions
- 12 month warranty

JETEX EXHAUST SYSTEMS AND BACK BOXES

TECHNOLOGY, QUALITY, PEFORMANCE, WITH A SOUND THAT CALLS THE TUNE

JETEX SYSTEMS AT A GLANCE:

- Swedish high-quality steel.
- Reduction in back pressure – up to 82% for some applications.
- Professional design.
- Pleasant exhaust note.
- Improved output compared with standard systems.
- Easy to assemble.
- Complete systems (unless original front pipe is indicated) with fitting kits.
- 12 months guarantee.
- Every Jetex system is boxed.

Jetex have introduced a range of performance exhausts which meet the EEC type approvals. Designs include an engineered front pipe to increase torque in the low and mid-range (no need to change the manifold) and for cars with catalyst converters Jetex have suitable exhausts available.

Jetex Exhaust Systems are manufactured in Sweden. Production takes place in a new purpose built-factory.

With Jetex Exhaust Systems the engineers have concentrated on solving a number of technical problems. A thorough programme of testing performance, fuel economy, noise and exhaust levels as well as back pressure (to name a few) have provided answers which give advantages in all of these areas, combined with durability and purpose-designed packaging.

GENERAL

Two basic methods can be used to dampen exhaust noise – absorption damping and reflection damping. The reflection method is cheaper as a rule, and technically easier to construct, but it has side effects, among them high back pressure which reduces power output and frequently increases fuel consumption.

Absorption damping, however, while being technically more complicated to manufacture, has the advantage that the exhaust gases are removed efficiently so that neither performance nor fuel consumption are affected. Jetex Systems are of the absorption type.

PERFORMANCE

Performance testing is carried out using computerised chassis dynamometers theories to be examined before deciding on the final design. Other important factors taken into consideration are back pressure, carbon monoxide levels, inlet manifold temperature and fuel consumption.

NOISE LEVELS

It is a common misconception that sport systems automatically mean more noise. With Jetex designs the noise levels are always below the legal maximum, and comply with the officially approved noise levels for motor vehicles.

Systems	Part No. 153 2212

ANSA

THE ITALIAN STYLE OF PERFORMANCE

Unleash the hidden performance of your car's engine with ANSA . . . the higher performance exhaust system. Engineered to maximise torque and power. Designed to provide remarkable bolt-on performance, faster acceleration, great looks and the unmistakable ANSA sound of power.

Installing an ANSA Free Flow exhaust system will almost certainly give you the best performance increase for the smallest investment.

ANSA are original equipment suppliers of exhausts to all the great Italian Marques, and it is this experience that they have brought to bear on the sports systems listed below to give power improvements of up to 14% plus.

Recent independent tests by magazines in the U.K. of the Golf, Fiesta, Uno Turbo etc. have all borne out the claims made and tested by ANSA themselves.

Quality is maintained by using only the best aluminised steel 16-18 gauge. Computerised design methods ensure a trouble free fit. 18 month guarantee.

SUPERSPRINT EXHAUSTS

Supersprint Exhausts are designed and tested to ensure a maximum gain of torque and power over the greatest range of speeds.

The Supersprint sound which is truly satisfying has been retained by using heavy duty aluminised steel casings but with stainless steel internally and pipes giving the long life the discerning user demands.

Supersprint exhausts are fully certified E.E.C. Homologated and are 'Street Legal'.

Supersprint have developed a large number of tailpipe designs to suit each car's particular needs.

You will not fail to be impressed by the quality and finish of this product.

A WRITTEN GUARANTEE FOR THREE YEARS

Innards and pipes of stainless steel and casing of heavy duty aluminised steel giving exciting sound combined with long life.

PECO EXHAUSTS

1 PECO BIG BORE 1

A range of low cost rear boxes for the cost conscious enthusiast. Finished in black hammer paint all silencers are fitted with stainless steel tailpipes and carry a 12 month unlimited mileage warranty. (Tailpipe 3 inch diameter.)

2 PECO BIG BORE 2

High performance, direct replacement exhaust parts, designed to meet the performance and acoustic requirements of the 90s. Large 3 inch polished stainless steel tail sections act as secondary silencers and are complimented by stainless internals and a green hammer paint finish to ensure long service life. Available with twin pipes for certain vehicles (see application list opposite). The unlimited mileage warranty is for 15 months.

3 PECO BIG BORE 4

The latest range of rear sliencers for the true enthusiast. Extra large 4 inch stainless steel tailpipe gives the silencer an aggressive look. 12 month unlimited mileage warranty. (See application list opposite for your vehicle.)

1 COMP AIR FILTERS

British made high performance air filters for most cars. Renowned for their mirror-like chrome finish, they are more compact than standard filters and provide greater access to the engine bay. Fitted with a fire-retardant washable foam element to achieve a much improved air flow.

Supplied specifically for your carburettor in either round, D-shape or rectangular shape.

Please state make, model and year of vehicle when ordering. The filter supplied will generally be the largest possible to fit the available space. (each)

159 4513 OUR PRICE **£24.95**

2 CRANKCASE VENT PIPE ADAPTORS

Easily fitted to any Comp Filter. Please state inside diameter of pipe to be fitted.

159 4514 OUR PRICE **£3.95**

3 CRANKCASE VENT FILTERS

Available in 13mm, 16mm and 19mm diameter. Please state pipe diameter required.

159 4515 OUR PRICE **£9.95**

4 HOT AIR PIPE KITS

Available to fit Comp filter overall diameters of 135mm, 160mm and 190mm. Please state size required.

159 4516 OUR PRICE **£29.95**

5 CARBURETTOR TRUMPET GAUZES

Available in the following diameters 58mm, 60mm, 63mm, 65mm, 67mm, 69mm, 73mm and 82mm. The diameters listed are the inside diameters of the Trumpet Gauzes. The correct item can be supplied by measuring the outside diameter of the Trumpet and selecting the next size up (eg. 60mm Trumpet requires 65mm Trumpet Gauze). (each)

12 PRO-BOLT ROCKER/CAM-COVER KITS

Super light weight, race proven aerospace alloy fasteners, electrically anodized for long life and brilliant good looks. The ideal replacement fastener in many low stressed areas, Pro-Bolt is the choice of many of the world's leading race and rally teams. Save weight and optimize your car's performance with Pro-Bolt, ***the professional's choice.*** Suitable for many low stressed applications including rocker covers, bolt on items in the engine bay (e.g. windscreen wiper motor), interior panels, spoilers, fuel cap surrounds, music systems, alarms, plus many more. Kits include all the necessary nuts, bolts and washers to replace fasteners holding the rocker cover down, plus one tube of Pro-Lube, allen key(s), fitting instructions and decals. Colours, anodized red, blue, purple or gold.

AWF PRO-BOLT

13 PRO-BOLT 5 PACKS

The Pro-Bolt is made from aerospace quality high tensile 7075 aluminium and is manufactured with a forged head and rolled thread for precision and strength. Ideal for many uses including engine covers, fuel cap surrounds, body work, electrical housings and many more applications. The Pro-Bolt offers substantial weight saving being lighter than titanium by 40%. The ideal high performance fastener. Available in anodized red, blue, purple or gold.

1 RESPONSE AIR FILTER ELEMENTS

The new 'Response' range of air filters and induction kits have been introduced to complement the Jetex exhaust system range.

Jetex Response systems come pre-oiled and ready to fit. Once fitted they should last the life of the car. They just need cleaning and re-oiling at usual service intervals.

They offer superior dust filtration and around 40% better airflow than a standard paper filter. This of course translates into more power and better performance. Fitting is a simple bolt-on affair, with everything required for the installation included in the kit. On diesel and turbo-diesel engines no adjustment is required. For petrol engines we recommend having the CO levels adjusted at your local MOT garage after an initial 30 miles run-in period.

Jetex Response Air Filters are available for almost all popular makes and models.

Please state make, model and year when ordering.

2 AIR INDUCTION KITS

On a great many modern cars the route taken by air entering the engine is quite tortuous. From the duct behind the main grill it is piped around numerous bends, required to avoid engine bay obstructions, to the airflow meter and ultimately the throttle body. Each bend creates a restriction which slows the airflow and reduces power.

Jetex air induction kits are designed to replace the original pipe work and simplify the route taken by the air charge. Kits are specific to each make and model, but generally consist of a Response air filter, air flow meter connection and all pipework and fittings required to complete the installation.

PIPERCROSS FILTERS

Full flow high capacity competition foam air filters. The KK range of Pipercross High Performance Air Filters offer the ultimate in engine infiltration, designed for people who want the very best of their engine, all filters in the Pipercross range are designed for both road and competition use and are made to fit most vehicles.

All Pipercross filters are manufactured using the latest technology from special porous foam which has been proven to retain far more dirt than ordinary filters with virtually no restriction to airflow. All the KK range of filters allow air to breathe through the top of the filter, unlike other types which have chrome tops, that do not allow air to pass through.

1 CLAMP-ON FILTERS

Full range available for many performance cars including RS500, RS Turbo, 205 GTi etc., etc. Example:- **RS Turbo** (KK175). Specialised direct fit filter unit to suit the Escort RS Turbo, producing an extra 5 to 7 bhp increase, Dyno tested up to 200 bhp.

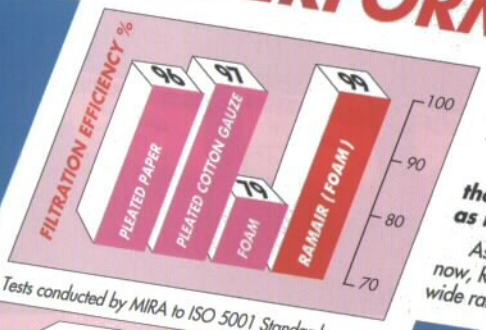
RAMAIR®

HIGH PERFORMANCE FOAM AIR FILTERS FOR ROAD OR COMPETITION

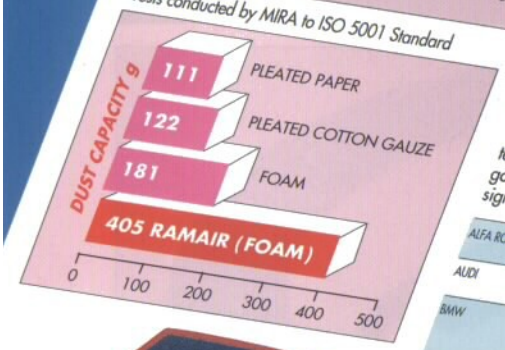
Previously only available to leading motorsport teams and top-flight car manufacturers – now on sale to you.

Ramair provide levels of filtration and dust holding capacity which surpass those of any manufacturer - with power improvements of up to 8% when fitted as replacement for original equipment.

As used by Aston Martin, TVR, the 555 Subaru World Rally Team and several B.T.C.C. teams, now, Ramair filters, induction kits and bolt-on filter kits are available as direct replacement on a wide range of cars - and for special applications on competition and performance-tuned road cars.



Tests conducted by MIRA to ISO 5001 Standard



Direct replacement filters for road and competition

Ramair offers enthusiasts access to innovative technology. In comparative tests Ramair service life goes far beyond that of the competition and gives significant BHP gains over original filter equipment.

Bolt-on performance filter kits for carburettors

Designed for single and twin carburettors in competition and street applications as a two part filter with lightweight aluminium base connected to filter element via 'aerospace spec' quick-release fasteners. Offering a range of internal filter heights to maximise airflow, Ramair filters can give power gains up to 8%. (Please specify internal filter height required)

BOSCH SPARK PLUGS

1 BOSCH PLATINUM SPARK PLUGS

The Bosch Platinum centre electrode of 99.9% pure platinum, combined with a new manufacturing process of sintering the electrode into the insulator, means:

- Maintenance free – after being 'gapped' and installed, checking and regapping becomes obsolete
- Maximum fuel economy – Bosch Platinum reaches working temperature quicker
- Improved starting – because the insulator nose is taken further into the engine
- Greater flexibility – to combat misfiring in slow moving traffic
- Improved exhaust emissions – for a healthier environment. Available for most cars.

Please state make, model and year of car when ordering.

(each)
177 2622 OUR PRICE **£4.00**

Platinum Plugs
(Audi – for Quattro only) (each)
177 4546 OUR PRICE **£20.00**

1 from **£4.00** each

2 BOSCH HIGH PERFORMANCE IGNITION LEADS

- Leads remain flexible at all temperatures from –50°C to 260°C
- Will not harden or crack or deteriorate to admit moisture and cause misfires
- Resists petrol, oil and acid spillage
- Fully interference-suppressed.

Sets come complete, including the lead to the coil, and ready fo fit most cars.

178 2623
From **£15.75** to **£115.00** per set

Please enquire for exact price for your vehicle.

2 from **£15.75** set

3 SUPER POWER HIGH PERFORMANCE AND COMPETITION IGNITION LEADS

These Competition Ignition Cables are specifically designed and constructed to conduct the maximum output generated by conventional and racing ignition systems to the spark plugs; and to provide full suppression for both EMI (electro magnetic interference) and RFI (radio frequency interference).

The cables will enable output maximization from both conventional and specific racing ignition systems on engines using turbo-charging, super-charging, and/or exotic fuels, particularly if electronic equipment including computer controlled fuel and engine management systems are also fitted to the vehicle. Improved clarity for radio and television transmission and reception can also be expected because of the RFI reduction.

3 from **£16.50** set

SplitFire®

THE PATENTED PERFORMANCE SPARK PLUG

A major breakthrough in spark plug technology.

SplitFire Spark Plug's patented design clearly distinguishes it from other plugs.
SplitFire's open split on the ground electrode better exposes the spark to the incoming air/fuel mixture even if the spark occurs on the backside of the electrode. Further, the resulting flame kernel is not blocked by the ground electrode as in other plugs.
The flame kernel not only travels sideways, but can also travel upwards through the v-notch into the combustion chamber.
This allows for a larger and quicker flame development.
Experts say the result is improved combustion of the air/fuel mixture as seen in better power, mileage and reduced emissions.

- **MORE POWER**
- **MORE MILEAGE**
- **LOWER EMISSIONS**

£5.85 each exc. VAT

IT ONLY COSTS MORE UNTIL YOU USE IT!™

30 DAY MONEY BACK TRIAL PERIOD

MAX POWER

"Imagine our surprise when we saw immediate gains of 8 bhp!
Ever sceptical we figured the engine was cooler than the final power run on the stock version and conducted a couple more runs before going for a final figure. But the power had stayed."

CARS and CAR CONVERSIONS

"SplitFire do indeed give a better burn. This should lead to improved economy and lower emissions, as claimed. SplitFire deserve a CCC thumbs up."

JOHN BRAZIER – RAC Rally Driver/Mintex National Rally Champion (NI)
"When performance matters, SplitFire delivers."

SAMCO

1 UPRATED COOLANT & TURBO HOSE SETS

Samco is the world's best known name for uprated silicone rubber hose for motor sport and 'fast road' applications. Built with multi-layer reinforced construction and the unique high temperature properties of silicone rubber these Samco hoses are designed to take punishment. Turbo hoses are designed for 5 bar boost in standard form, both these and the coolant hose sets are finished with a smooth, brightly coloured exterior enhancing the underbonnet of any well prepared vehicle.

Colours available are Bright Red, Canary Yellow, Lime Green and the standard Samco Blue.

New sets are continually under development with hose sets planned for Honda, Fiat, VW and BMW for the '96 season, phone for latest list.

Please state colour required when ordering.

9 FILTER KING

The well known fuel saver from Malpassi. Tests and trials as well as many satisfied customers claim savings of 10%-15%. The Filter King regulates the pressure of fuel delivered by the car's petrol pump to help maintain a steadier float level in the carburettor thus preventing expensive fuel surges and flooding. Its effective filter acts as an extra benefit to trap any dirt or water which may contaminate the petrol supply.

The Filter King is fitted as standard by Alfa Romeo and Maserati.

Hundreds of thousands sold worldwide already. The relentless increase in the cost of motoring means that any aid to fuel economy must be considered an essential fitment. Not suitable for cars with fuel injection.

1 MULTI-APPLICATION REAR SPOILERS

These rear spoilers are designed for a range of saloon cars without an original equipment rear spoiler. They are manufactured in two different lengths (1366mm & 1286mm) and are supplied with a specific fitting kit for your vehicle. This ensures a perfect fit. They can be easily painted

Type 1 Spoiler (1366mm) without Brake Light.
302 7028 OUR PRICE **£115.00**

Type 1 Spoiler (1366mm) with Brake Light.
302 7029 OUR PRICE **£169.00**

Type 2 Spoiler (1286mm) without Brake Light.
302 7030 OUR PRICE **£115.00**

Type 2 Spoiler (1286mm) with Brake Light.
302 7031 OUR PRICE **£169.00**

The above spoilers are available for Alfa Romeo, Audi, BMW, Chrysler, Daewoo, Daihatsu, Fiat, Ford, Honda, Hyundai, Kia, Lada, Lancia, Mazda, Mercedes, Mitsubishi, Nissan, Opel, Peugeot, Proton, Renault, Rover, Saab, Seat, Subaru, Suzuki, Toyota, Vauxhall, Volkswagen and Volvo.

Please remember to quote details of your car when ordering, to enable the correct spoiler and fitting kit to be supplied.

2 TAILORED REAR SPOILERS

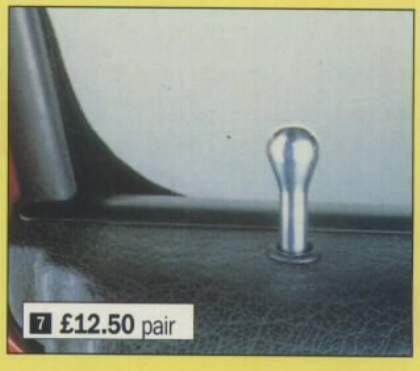
GOLF 3 with Brake Light.
302 7032 OUR PRICE **£170.00**

GOLF 3 without Brake Light.
302 7033 OUR PRICE **£129.00**

3 GOLF 2 Lower without Brake Light.
302 7034 OUR PRICE **£164.00**

4 GOLF 2 Upper Window (Not GTi).
302 7035 OUR PRICE **£119.00**

5 GOLF 1 Upper Window.
302 7036 OUR PRICE **£99.00**



6 TOP-STOP BRAKE LIGHTS

This attractive, well designed "STOP LIGHT" is an extremely important safety device. When braking it has a signal effect which can be seen by drivers several cars behind. The long life LED light was specially developed for the STOP LIGHT. The TOP STOP is simple to fit. Painting is not absolutely necessary due to the fine matt black finish. However, can be sprayed D.I.Y. with a spray-can, or can be professionally painted.

Advantages: • Greatly improved safety • Indicates braking hazard • Easily fitted • Can be painted • Lightweight • Specifically designed for each application

A bicycle rack, when mounted on the tailgate (i.e. Paulchen), can still be used in combination with a fitted TOP-STOP.

TOP-STOP APPLICATIONS

EECO

EECO AERO VISOR

The Aero Visor is the latest distinctive accessory available for your car.

Manufactured in finest quality tinted perspex this item not only protects the rear passengers from the sun's rays, it also gives the impression, from the rear of the car, of lowering the roofline, therefore giving the vehicle a more sporty appearance.

Easily fitted without drilling.

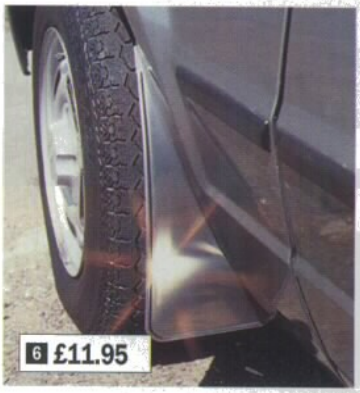
Folds neatly into "headrest storage case". Available in Black high-quality material only. Universal fitting.

236 5301 (each) **£21.95**



1 HOT JET

Banish dirty, greasy, frozen windscreens and washer pipes with the Hot Jet.

- So easy to install.
- Cleans with hot water.
- Safer clearer vision.
- Works when other systems freeze.
- Clears grease, film, insects, mud.
- Ideal summer/winter.
- No moving parts to go wrong.

No matter what vehicle you drive a clear windscreen is a must, not only for your own safety but others. The fact that hot water cleans better than cold is only one of the many reasons for fitting the Hot Jet now. So simple to fit, all you need is a pair of scissors to snip the small plastic supply pipe to your washer jets and connect the Hot Jet. Its special red heat exchanger is held to the upper radiator hose of any water cooled car with the universal clips supplied. As soon as your engine begins to warm the transferred heat is busy de-frosting the washer pipes and it can then de-ice your windscreen without the need for expensive de-icing chemicals thus saving you £££s. The Hot Jet will break down grease and grime and give you a clear windscreen in summer and winter. Complete universal kit with full instructions for any water cooled car.

291 1036 OUR PRICE **£9.95**

2 TWINS

Twin Windscreen wipers

- Unobtrusive aerodynamic design for efficiency and maximum screen contact.
- Greater pressure applied to windscreen at faster speeds.
- Special design moulds blades to shape of screen.
- First wiper sweeps away water, second blade clears traffic film.
- Universal fittings in every pack. Easy to fit to almost any car.
- Improved visibility in heavy rain/road spray conditions.
- Greatly reduced screen smearing.
- Available in black.
- Supplied in pairs. 16", 18" and 20".

173 1037 (pair)
OUR PRICE **£19.95**

Please state make, model and year of car when ordering plus colour required.

3 WIPER ARM BOOTS

OUR PRICE **£4.60**

5 "NO-LIFT" WIPER BLADE ATTACHMENTS

Eliminate wiper lift at speed.

195 1530 (pair)
OUR PRICE **£1.99**

RAIN-X – THE INVISIBLE WINDSCREEN WIPER

WHAT IS RAIN-X?

Rain-X is a clear, colourless liquid that has an amazing effect on glass and plastic (acrylic and polycarbonate). Like water off a ducks back... it repells rain, frost snow and dust. It seals, polishes and conditions against sun, sand, salt and pollutants and helps prevent insects, mud and grime from sticking – making cleaning a breeze.

HOW DO YOU USE RAIN-X?

It's easy. You just wipe it on and... wipe it off. Use it on windscreens side and rear windows, headlights, tail lights, fog lights, helmet visors, goggles and side view mirrors.

Re-apply Rain-X about once a month, or every 2,500 miles to maintain peak performance. Don't worry about putting one application over the other, because there is no possibility of 'build-up'. You can only improve visibility with another application. You will also notice how much easier it is to clean your vehicle's glass surfaces.

6 **273 1468** (100ml) **£3.99**

7 **273 1470** (200ml) **£6.99**

RAIN X ANTI FOG

For interior glass and visors.

8 **273 1469** (100ml) **£3.99**

9 **273 1471** (200ml) **£6.99**

1 "PARKBOY" ELECTRONIC REVERSING ALARM

Park Boy is an electronic reversing alarm system which switches itself on automatically when the car is put into reverse gear and, via a small control unit on the dashboard, tells the driver when to stop to avoid bumping.

The kit consists of the control unit, material for mounting, set of cables (main cable 8m, sensor cable 1.4m) and two sensors which are attached under the rear bumper.

350 2760 OUR PRICE **£145.00**

2 TYRE DRESSER

Waterproof and crack resistant. White.

274 1469 OUR PRICE **£4.99**

3 CERAMIC MUG

Ceramic mug with gilt edge band. Choice of following vehicles: Sierra RS, Escort XR, Fiesta XR, RS Turbo, Peugeot GTi, Mexico (Capri not available), Golf GTi, Astra GTE.

205 4206 OUR PRICE **£3.95**

4 BEAM BENDERS

Beam Benders are universal headlamp converters for continental driving. One size fits most vehicles. Unlike other products, Beam Benders do not block out light, they simply re-direct it at the correct angle.

They are optically designed contact lenses which cover the area on the headlamps from which the dipped beam emerges. Beam Benders are self-adhesive and simply stick onto the headlamp glass without the need for cutting or trimming. No technical knowledge is required and they can be fitted in seconds. Being only 1mm thick, they will not impede the use of headlamp wash/wipe systems.

BOSCH WIPER RANGE

8 BOSCH SPOILERWIPER BLADES

The new wiper blade in aerodynamic form from Bosch. Bosch Spoiler – wind tunnel developed and tested.

Bosch Spoiler – clear vision even in the strongest of headwinds.

The aerodynamically shaped 'spoiler' is mounted on the wiper blade frame ensuring the best visibility possible even in the most extreme conditions. As air currents and headwinds increase, the spoiler automatically increases the pressure of the blade on the windscreen, combined with the renowned Bosch Micro-Double Edge, the result is optimum down force at all speeds which means no lift-off, no flutter, and smear free clear vision, no matter how strong the headwind.

Available for ALFA-ROMEO, AUDI, BMW, FIAT, FORD, HONDA, LEYLAND, MAZDA, NISSAN, OPEL, PEUGEOT PORSCHE, VAUXHALL, VOLKSWAGEN and VOLVO. Please state make, model and year of car when ordering.

9 BOSCH 'TOP' WIPER BLADES

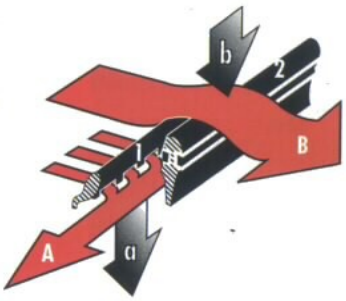
A wiper blade should remain in full contact with the windscreen at all times to ensure perfect vision and safety.

CHAMPION WIPERS

1 CHAMPION VX – TWIN VENTURI SPOILER HIGH PERFORMANCE WIPERS

New Champion VX High Performance Wipers. The first spoiler wiper to harness the power of Venturi Anti-lift Aerodynamics to dramatically improve water clearance at high speeds, for clearer, safe wet-weather driving. Champion VX. The new force in wiper technology.

- Greatly reduced wiper lift. Venturi spoilers divert airflow along blade, creating suction and downforce to prevent dangerous wiper lift.
- Outstanding water clearance. More effective contact between blade and screen ensures exceptional water clearance.
- Long-lasting high performance.
- Clearer vision, safer driving. A clear screen means safer driving in all conditions, particularly at high speed when you need clear vision most.



Available for: Alfa Romeo, Audi, BMW, Citroën, Daewoo, Daihatsu, Ferrari, Fiat, Ford, Honda, Jaguar, Kia, Lancia, Land Rover, Lexus, Maserati, Mazda, Mercedes, Mitsubishi, Nissan, Opel, Peugeot, Porsche, Renault, Rover, Saab, Seat, Skoda, Subaru, Suzuki, Toyota, Vauxhall, Volkswagen and Volvo. VEHICLE PROTECTION

This range of high quality self adhesive products is designed to protect your vehicle's body and paintwork from those accidental, but annoying everyday knocks, bumps and scratches.

All extruded parts are manufactured to the highest standards using quality materials. Most products incorporate an aluminium adhesive carrier that is thermowelded to the P.V.C. moulding. The 3M adhesive automotive tape is applied directly to the aluminium, which guarantees secure and long lasting adhesion of our products.

This system is recommended by most car manufacturers who use self adhesive P.V.C. mouldings.

All products are easy to fit and supplied with clear and detailed fitting instructions.

1 BUMPERGUARD, FULL LENGTH BUMPER PROTECTOR

For painted/colour coded bumper only.

- Designed for painted or colour coded bumpers, front or rear.
- Protects full length of bumper.
- 3M adhesive tape.
- Length: 5 metres x 46mm.
- The soft P.V.C. material will conform to the shape and curves of most bumpers.

267 5535 OUR PRICE **£29.95**

2 BODYGUARD

Body and Paintwork Protector.

- Protects the side of vehicle from knocks and bumps.
- Helps prevent chips and dents to body and paintwork.
- 3M adhesive tape.
- Length: 5 metres x 41mm.

Plain Black.

Smoothy

1 2 3 LIGHTGUARDS BY SMOOTHY – ADDED SECURITY AND STYLE

Smoothy Lightguards are moulded acrylic covers that not only protect your headlamps from damage – and the expense and inconvenience that follows – but actually improve the appearance of your car.

FOR THE COST-CONSCIOUS MOTORIST

Not only is the cost of replacing broken headlamps high but there are fitting charges and the inconvenience of being off the road to.

- Specially designed clips for lens security and easy removal for cleaning.
- High-strength acrylic foam self-adhesive pads for trouble-free fixing.
- Lenses contoured to suit individual models and manufactured from impact-modified high-grade acrylic supplied by Europe's leading manufacturer.
- Fixing clip ultrasonically welded to lens.

Replacement adhesive clips. Pack of 5 with cleaning sachet and fitting instructions.

310 5300 OUR PRICE **£3.50**

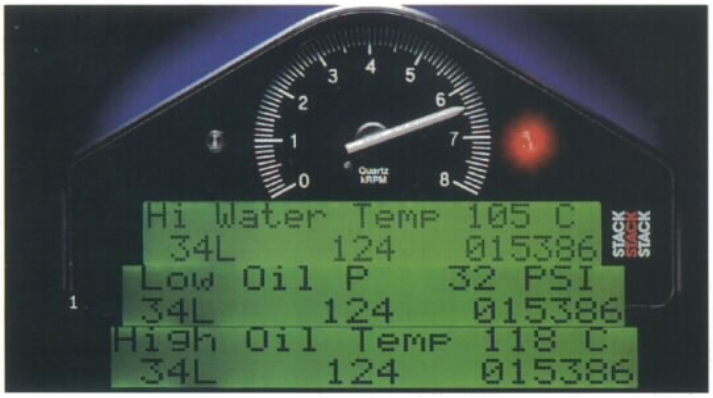
STACK STACK STACK



1 PERFORMANCE INSTRUMENTS FOR THE ROAD

The ST8130 from Stack is the first instrumentation system to bring state of the art race track technology to the road car driver. This unique product combines analogue and digital display technology to provide the ultimate driver-vehicle interface.

The ST8130 is an exceptionally compact and lightweight system and is supplied with harness and sensors. It is designed to be easily fitted into any vehicle and to allow the installer to simply calibrate the speedometer, tachometer and fuel level display to suit individual vehicles.

Driver Displays: Engine RPM is displayed on the analogue dial with Stack's legendary stepper motor movement providing unrivalled accuracy, clarity and reliability. Other parameters are displayed on the LCD which is programmed with a number of display layers. The driver selects between these layers to monitor the parameters which are of specific interest.

Intelligent Alarm System: This unique feature ensures that no matter what is currently displayed the driver is instantly informed of a problem. An internal (and optional external) warning light attracts the drivers attention and a glance at the LCD advises of the problem.

The system also supports an **external gear shift light**, which can be set to achieve optimum gear changes, and features an integrated low fuel level indicator.

ST8130 Specifications – Dimensions:
Size: 105mm (H) x 198mm (W) x 39mm (D).
4.14" (H) x 7.80" (W) x 1.54" (D).

3 EASIRIDER DRAPE CAR SEAT COVER

- Full natural Sheepskin.
- Unrivalled comfort – cool in Summer, warm in Winter.
- Gentle to clothing and upholstery.
- Elasticated brace for easy, universal fit.
- Available in Natural, Grey or Black.
- Washable – can also be dry cleaned.

236 2704 OUR PRICE **£49.95**

5 AVUS SUPER STEERING WHEEL COVER

The decisive advantage and indeed the secret of the AVUS steering wheel cover lies in the material used to manufacture it: porotherm®. This material out-distances all others in terms of comfort and hygiene. The AVUS® porotherm cover air-conditions the steering wheel, thus offering protection at all temperatures, which is particularly welcome in the hot summer time as well as in the cold winter season.
Fits all steering wheels up to 420mm diameter.
Available in black only.

231 2548 OUR PRICE **£6.95**

6 DE LUXE FIRST AID KIT

A new approach to 'in car' first aid kits, the novel triangular shape reflects the international image of road traffic signs.
A practical range of first aid items packed in a nylon zippered bag which has several advantages: it is easy to stow away, it is dust proof and water resistant, and will not rattle.
An internal plastic fitment keeps the contents secure and will also hold warm water for bathing wounds.
There is also room to add personal requirements such as travel sickness pills, aspirin etc.
All the dressings are British made and sterilized.

RECARO

WHAT MAKES A RECARO SEAT SO DIFFERENT?

Firstly they use a perimeter frame constructed of pressed steel. The backrest consists of a specially shaped steel sheet – ensuring correct support and great structural strength. Two, linked recliner mechanisms are fitted to give easy, stepless adjustment. High density foam and special fabrics are used to give the correct degree of body support and seating comfort. A wide range of tailored adaptors is available with prices starting at **£65.00**

1 RECARO A8

Looking for something new and unique? You'll find it in the Recaro A8. The standard back-rest and seat frame is available in metallic silver or elegant black, but can be custom painted any colour you want.

Fabric covers are Black/Grey, Black/Colour or you can choose your own combination.

- A self-supporting backrest shell made of fibre glass reinforced plastic material (Optional: Can be custom painted in your choice of colour).
- Integrated slots accommodate 4-point belt systems.
- Comprehensive shoulder support for relaxed driving.
- The backrest can be tilted forward on both sides for easy accessibility.
- Attractive looks with the feature of easy replacement of the centre section upholstery.
- Individually adjustable seating position thanks to the infinitely adjustable backrest.

A8 (each)

234 4266 OUR PRICE **£815.00**

2 RECARO MODULAR SEATING SYSTEM

The system allows a seat to be assembled from a choice of three backrests. Five seat cushions and two headrest modules thus provide a product tailored to the needs of the individual customer. Drivers can now travel relaxed and free from back pain in a seat that really fits.

Modular prices from **£710.00** each

3 RECARO SR

Drive with the professional outfit – with integrated head rest and belt guide arrangement for using four-point belt systems. Specially-designed shoulder support to provide firm retention support even on faster bends.

SR (each)

234 5601 OUR PRICE **£505.00**

4 RECARO S

The entry level model for performance drivers: pronounced seating and lateral support, orthopaedically shaped backrest with optionally padded headrest. All at a price that will help relax you even more.

S (each). With padded headrest.

234 5602 OUR PRICE **£560.00**

S (each). With net, frame headrest.

234 5603 OUR PRICE **£583.50**

COBRA F.I.A. Approved Competition Seats

1 SPORTLINE F.I.A. CARBON FIBRE RACING SEAT

The safest race seat ever developed. Supplied complete with high tensile aluminium sidemounts and finished in Black/Grey, Black/Red or Black/Blue. Weight 7 kgs.

234 4531 OUR PRICE **£468.80**

Sidemounts included in price.
(Tailored or Universal Baseframes cannot be used with this seat.)

2 SEBRING F.I.A. RACING SEAT

The Sebring is Cobra's latest competition seat available in Kevlar or Kevlar/Carbon Fibre composite. Each is immensely strong and very lightweight (just 4.5 kg). It is available with both side and base mounts strengthened through an integral frame and, of course, accepts a full 5 point race harness. The cushion and lumbar support are adjustable and the larger grommet holes make a harness more comfortable for the driver no matter what height he is. The Sebring is available in Black with Blue/Red/Pink/Green or Yellow panels.

COBRA SEATS

1 DAYTONA SPORTS

The Cobra *Daytona Sports* seat owes its classic lines more to stress engineering and ergonomics than any stylist's whim, and in the process has evolved into possibly the most aesthetically pleasing seat Cobra has yet produced.

The Cobra *Daytona Sport* has been designed to be the first truly *multi-purpose* road, race and rally seat available. Its graceful curves offer proper ergonomic location and full lateral support for the rigours of competition. Guides are even provided for a full competition harness, however, the sqab sides have been designed to allow easy entry and exit on everyday shopping trips.

This combination also makes the *Daytona* a natural choice for luxury 4 wheel drive vehicles where off-road comfort is as important as everyday practicality.

The secret lies deep inside. An all steel backrest with side bolsters and integral headrest, and an all-in-one Pirelli suspension pan are generously covered in high density polyurethane foam for comfort and safety.

Available in original equipment quality cloth in plain grey (Raven), plain black (Blackrock) or Blackrock/Harlequin Black (as shown), or Blackrock/Alpha (see page 107).

A WORK OF CRAFTSMANSHIP

BBS puts the focus on the fifth wheel in the car. Anyone who experiences the fascination of a BBS steering wheel, can't forget it – ever. The classic design, the fine materials, and the excellent workmanship are visions in themselves. At the first touch, it's obvious that there is a natural and intense link to the very heart of the car. At the first curve it becomes clearer still that these steering wheels were designed and developed by a company which has truly learned its craft.

5 INTERCONTI PA 5840 PRECISION 1 800 WATT AMPLIFIER

- Rise delay time
- High efficiency of power supply by "Pulse width power circuit"
- Mos Fet technology
- DC connected amplifier circuit

Technical Data

- Maximum power: 2 x 400 watts, 2 x 250 watts (sinus) according to DIN 4532; switchable to 1 channel: Max power: 1 x 800 watts
- Frequency range: 20-40,000 Hz
- Signal to noise ratio: 95 dB
- Channel separation: >65 dB at 1 kHz
- Gain control (adjustable input sensitivity): 100 mV – 3.5 V
- Subwoofer-input, can be regulated 40-500 Hz
- Overload protection
- Preamp-input golden Cinch connector
- Loudspeaker-input (High-level-in)
- (W x H x D) 504 x 70 x 235mm

EMINENCE
HIGH POWER AUTO
the bass kick!

EMINENCE BASS INJECTION

BASS REINFORCEMENT TUBE SYSTEMS

Eminence High Power Auto Bass Drivers are acclaimed for their staggering sensiitivity and high-power handling. Often rated as 'Best Buys', they are widely used in competition systems.

Bass Injection tubes are Eminence designed enclosures for Eminence loudspeakers. Not surprisingly, they sound special! Available in three sizes, the 327i can handle a huge 150W RMS. Tuned for around 70Hz, it delivers a mighty kick despite its compact size. The 350i uses a 10" loudspeaker to provide you with 200W RMS 12" driver.

DUAL RAM Power Systems

THE SECRET BEHIND THE AWESOME POWER-HANDLING

The customised loudspeakers developed by Eminence for this application have TWO power inputs for connecting either two separate amplifiers (driven by a common source), or both channels of a stereo amplifier (switched to mono). It means you can 'add up' amplifier power to feed a Bass Injection, using a pair of smaller amplifiers to deliver a mighty bass kick. Either power input can be used on its own too.

YOUR POWER CONNECTIONS
(power examples refer to 327i)
MAX. 150W
Mono amplifier, single amplifier channel or bridged stereo amplifier connected to either Bass Injection input
MAX. 300W
Stereo amplifier, set to Mono, connected to both Bass Injection inputs
MAX. 150W
MAX. 150W
Two mono amplifiers, driven from a common pre-amp, each connected to a Bass Injection input
MAX. 300W
Stereo amplifier bridged and connected to both Bass Injection inputs at either 8Ω or 2Ω input impedance (see below)

EMINENCE HIGH POWER AUTO SPEAKERS.

Made in the U.S.A.

"There ain't no substitute for cubic inches".

In America, it's a philosophy which has created some of the most powerful cars the world has ever seen.

And it's the philosophy behind Eminence High Power Auto, the ultimate in-car bass and sub-bass loudspeakers.

Eminence of America has built high-power loudspeakers for the professional audio industry for more than thirty years. You have probably heard Eminence loudspeakers in action at live concerts, since they are the first choice of the world's top P.A. cabinet makers.

In the quest for ultimate in-car bass, there was no better starting point than the world's biggest, most powerful loudspeakers.

Eminence High Power Auto loudspeakers are based on the virtually indestructible chassis of Eminence P.A. speakers. One look at the substantial magnets and drive assemblies tells you that these are no ordinary car speakers.

The force and clarity with which Eminence High Power Auto loudspeakers reproduce sound is due to a combination of their sheer size and the fine engineering of the voice coil and drive assembly.

Their size provides the raw strength to generate high Sound Pressure Levels and withstand your amplifier's output, but it is the astonishing sensitivity and freedom of movement of the voice coil which makes the most of your amplification system.

The result is that Eminence loudspeakers actually ***sound louder*** than speakers boasting similar power-ratings simply because their efficiency doesn't waste your amplifier's energy – it turns it into sound. ***Loud sound.***

The specially treated cone material withstands the temperature and humidity changes in auto installations, and the distinctive blue polyurethane cone edge provides bass enhancement and isolation of the speaker's movement from vehicle vibration.

From the compact **289** to the awesome **454,** these deliver a bass kick with a vengeance. Once you've felt it, you'll know why there's no substitute. . .

The Eminence **289** and **327** offer high-power handling in a compact chassis, making them particularly versatile. Use them in footwells, door-panels or parcel shelves as stereo pairs or in arrays for multi-speaker bass systems. A smooth frequency response extending up to midrange allows them to be used for low-mid, or combined bass and midrange in 2-way systems.

For heavyweight bass installations, take a look at the **350** and **383.** A mighty power rating of 200W^{RMS} means if you've got the space, these will give you the bass! With their extended low-frequency response, these also work well as mono sub-bass drivers, particularly the HiPer versions in a measured enclosure.

If you're searching for a bass experience beyond decibels and onto the Richter Scale, then there's no substitute for the Eminence **427** and **454!** Measuring 15" and 18" in diameter, with power handling of 300W^{RMS} and 400W^{RMS} respectively, *nothing* delivers fundamental sub-bass like these.

1 from **£42.98**

EMINENCE HIGH POWER AUTO the bass kicks!

IMPORTANT

The power ratings of Eminence speakers are quoted in **Watts RMS,** the professional measurement of power handling. This should not be confused with the terms "Music Power" (typically 2 x RMS rating) and "Peak Music Power" (up to four or more times the RMS rating) i.e. the 454 has a "Music Power" rating of 800W, "Peak Music Power" 1600W!!

HIPER PROFESSIONAL RANGE

THE COMPETITIVE EDGE

HiPer is an alternative specification for professional system designers.
Each HiPer loudspeaker is performance optimised for use in sealed, measured enclosures for precise control of bass-response in esoteric competition systems.

2 2 PIECE GRILLES

For all subwoofers. Non-rattle, easy fit, two piece grille kits. Outer ring locates behind speaker and grille is a push-fit onto the ring.

215 5696 (6½ ins) **£3.95** each
215 5697 (8 ins) **£5.50** each
215 5698 (10 ins) **£8.50** each

CRUISE CONTROL
WHY BUY A CRUISE CONTROL?

Cruise controls have long been popular in the United States and understandably so. Long distances, open roads and speed restrictions make cruise controls almost a necessity. But gradually, European drivers are coming to recognise that a cruise control can also be meaningful over shorter distances and in heavier traffic conditions.

They have discovered that not only does a cruise control prevent accidental speeding but also reduces fuel costs by up to 15%.

HOW DOES A CRUISE CONTROL WORK?

The 'heart' of the system is a micro-processor that memorises any speed chosen by the driver and, by regulating the throttle actuator, enables the vehicle to be maintained at that constant speed.

This means that one a speed has been programmed by touching the SET button, your foot can be taken away from the accelerator pedal. Whether up hill or down dale, the cruise control will adjust the movement of the throttle and hold the vehicle to the desired speed.

For safety reasons, a cruise control does not operate at low speeds (normally not under 25mph). It can be switched on or off at will and is immediately and automatically disconnected by pressing the brake pedal or, on manual vehicles, by changing gear. Touching the resume button will cause the vehicle to accelerate until it has reached the last set speed.

Cruise controls eliminate abrupt throttle movement and consquently reduce fuel consumption.

Autocruise Cruise Controls are simply installed on most 12V vehicles and come complete with fitting instructions and all necessary hardware for the DIY enthusiast.

1 £295.00

1 AUTOCRUISE CRUISE CONTROL – PROFESSIONAL

All parts supplied for complete installation.

- Labelled and colour coded wires.
- Easy to follow installation instructions.
- LED 'engaged' light.
- Utilizes ignition coil or speedometer output to sense speed.
- Brake switch connection disengages cruise with a tap of the brake.

Electric Type – (with stalk type Command Module – as illustrated). For high performance, Turbo and Diesel cars.

244 2468 OUR PRICE **£295.00**

2 £149.95

Electric Type – For high performance, Turbo and Diesel cars **(with optional dash mounted Command Module – similar to module shown on AP50).**

TORNADO

MIDAS SERIES

Competition Systems.
Kapton Voice Coil Subwoofers.

1 1-AGW 840 8" SUBWOOFER

Components:
- 8" Non-Pressed Paper Cone.
- 1.6" Kapton Voice Coil.
- 40oz Magnet.
- Gold plated Terminal.
- Speaker System: Competition Quality.
- 8" (Kapton Voice Coil).
- Subwoofer.
- Power Handling: 250W Max. Music.
- Frequency Response: 40Hz-4.5KHz.
- Sensitivity (dB SPL): 92dB @ W/M.
- Nominal Impedance: 4 Ohms.

215 5708 (OUR PRICE) **£39.99** (each)

4 1-AGMID 1 — 100W

Components:
- 4" Carbon Poly-propylene cone.
- 1" SV Coating Hi Temp. Voice Coil.
- 10oz Magnet.
- Speaker System: 4" Midrange.
- Power Handling (Max.): 100W Max. Music.
- Frequency Response: 250Hz-12KHz.
- Sensitivity (dB SPL): 91dB @ W/M.
- Nominal Impedance: 4 Ohms.

215 5711 (OUR PRICE) **£14.99** (pair)

5 1-AGMID 1 — 150W

Components:
- 5.25" Carbon Poly-propylene cone.
- 1" SV Coating Hi Temp. Voice Coil.
- 10oz Magnet.
- Speaker System: 5.25" Midrange.

Awarded 10/10
in PERFORMANCE CAR MAGAZINE'S
SPEAKER TEST Sept. 1995
David Vivian comments on the Midas Series AG696M (6"x9"):- "Top amount of speaker for the money: technically and sonically impressive. Verdict: wallet friendly wallop."
3 £65.99 each

2 1-AGW 1040 10" SUBWOOFER

Components:
- 10" Non-Pressed Paper Cone.
- 2" Kapton Voice Coil.
- 50oz Magnet.
- Gold plated Terminal.
- Speaker System: Competition Quality.
- 10" (Kapton Voice Coil).
- Subwoofer.
- Power Handling: 300W Max. Music.
- Frequency Response: 30Hz-4KHz.
- Sensitivity (dB SPL): 93dB @ W/M.
- Nominal Impedance: 4 Ohms.

215 5709 (OUR PRICE) **£52.99** (each)

3 1-AGW 1240 12" SUBWOOFER

Components:
- 12" Non-Pressed Paper Cone.
- 2" Kapton Voice Coil.
- 65oz Magnet.
- Gold plated Terminal.
- Speaker System: Competition Quality.
- 12" (Kapton Voice Coil).
- Subwoofer.
- Power Handling: 350W Max. Music.
- Frequency Response: 25Hz-3KHz.
- Sensitivity (dB SPL): 93dB @ W/M.
- Nominal Impedance: 4 Ohms.

215 5710 (OUR PRICE) **£65.99** (each)

- Power Handling (Max.): 150W Max. Music.
- Frequency Response: 200Hz-12KHz.
- Sensitivity (dB SPL): 91dB @ W/M.
- Nominal Impedance: 4 Ohms.

215 5712 (OUR PRICE) **£17.99** (pair)

6 1-AGT 100 — 100W

Hi Performance Tweeter (Surface Mount).
Components:
- 1" Hard Dome.
- 4.3oz Magnet.
- Power Handling (Max.): 80W Max. Music.
- Frequency Response: 5Hz-23KHz.
- Sensitivity (dB SPL): 89dB.
- Nominal Impedance: 4 Ohms.

215 5713 (OUR PRICE) **£13.99** (pair)

7 1-AGT 120 — 100W

Hi Performance Tweeter (Flush Mount).
Components:
- 1" Hard Dome.
- 5.9oz Magnet.
- Power Handling (Max.): 100W Max. Music.
- Frequency Response: 4Hz-22KHz.
- Sensitivity (dB SPL): 89dB.
- Nominal Impedance: 4 Ohms.

215 5714 (OUR PRICE) **£19.99** (pair)

JBL SPEAKERS

JBL grand touring and competition series loudspeakers and electronics: JBL brings you the most exciting car audio equipment available. The outstanding Grand Touring Series and the electronics to drive it all, there's a system for every purpose and application.

1 GTC4210 50W Two-way

Size:	4"
Power handling:	50W peak
Sensitivity:	90dB
Freq. res:	70-20kHz

CALIFORNEON

1 LIGHTED PIN STRIPING

Apply it, colour it, light it! It's as simple as that! Californeon™ Lighted Pin Striping is a flexible, beautiful strip of coloured light accenting the entire length of your vehicle. It applies as easily as conventional pin-striping tape, but has the unique feature of creating a radiant glow! This is a complete kit available in 16 foot lengths that include a 12 volt power inverter, hook-up wire, and clip-on connectors. Californeon™ Lighted Pin Striping is durable and lasts for years. It can be cut to any length and once hooked up will simply turn on with your vehicle lights. It also provides the added safety of greater night time visibility even in fog and smog. It's even waterproof and all weather resistant. Californeon™ comes in basic white. Once applied add Californeon™ Colour Overlay Tape (sold separately) available in eight attractive colours. This transluscent tape was specially designed for use exclusively with Californeon™ products, and can be applied in minutes. Lighted Pinstripe Kit.

225 1172 OUR PRICE **£30.75**

17 ZERO BLACK ICE EARLY WARNING SYSTEM

Black ice or freezing road conditions claim many lives every year and can also cost motorists a lot of money in accident repair bills.

ZERO ICE DETECTOR is an advanced warning device that translates air temperature to a simple display on the dashboard to warn the driver of deteriorating road conditions. At a time when in-car heating and comfort have become so effective it is difficult for the driver cocooned inside to detect whether the outside temperature is just above or just below freezing. These critical few degrees can make all the difference between an innocuous patch of moisture on the road or a deadly stretch of black ice.

ZERO comes complete with easy to follow fitting instructions and is simply installed in any type of vehicle.

253 2749 OUR PRICE **£79.50**

1 BASS C.Ds.

1 ACOUSTIC SUPER SHELF

Sound quality is easily improved by installing a better radio cassette or disc player. The best gains will be achieved by fitting a separate amplifier and larger speaker system, but where do you put these larger speakers? The ideal place in a car is the rear shelf, but the original rear shelf is flimsy and vibrates as soon as the volume is turned up. Your music is out of control – especially the bass. What is the answer? Fit an Acoustic Super Shelf.

- The shelves are made from very high quality 18mm medium density fibreboard, and come complete with acoustically transparent fabric (available in 16 colours), new shelf hangers and hinge pins.
- All Acoustic Rear Shelves are manufactured to the highest standard and custom made to fit each individual car. They are designed for mounting heavy duty speakers and amplifier systems into hatchback or saloon cars without the usual frustrating vibration problems.
- All shelves are supplied uncovered and without any holes cut for speakers, purely so that you may fit the speaker of your choice and cover the shelf accordingly.
- OUT OF SIGHT! One of the major design aspects of the Acoustic Shelf is that you can still enjoy the dynamic sounds of your speakers even when your speakers are under the shelf, out of sight of prying eyes – thanks to the acoustically transparent cover.
- Any speaker can be fitted to the Acoustic Shelf in any way you like. The Acoustic Super Shelf doesn't only look smart it greatly improves the bass response of any speaker fitted, due to the sheer density of the fibreboard, resulting in 'concert hall' performance.
- Colours of acoustic fabric supplied with shelves: Black, Ford Grey, Deep Blue, Tan, Rover Grey, Sky Blue, Mid Blue, Deep Red, Burgundy, Mercedes Beige, Sandstone Beige, Dark Brown, Light Grey, Pure White and Peugeot Red.

Part Number 217 3643

2 FULLY TRIMMED ACOUSTIC SHELF

Ready to fit fully trimmed shelves. Please state colour required. All beautifully finished to the highest standard.

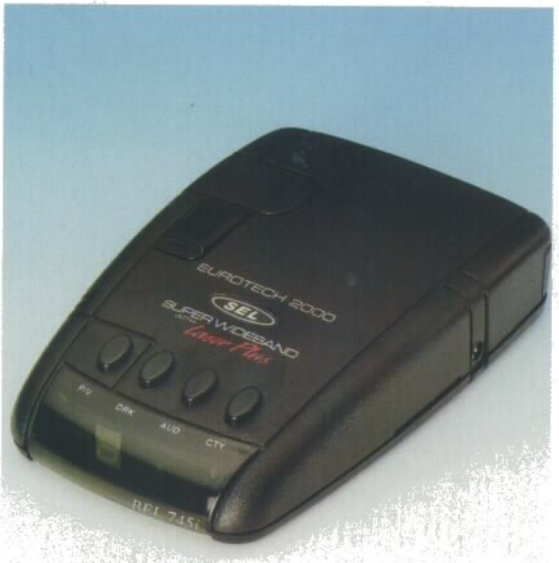
217 2739 OUR PRICE £280.00

SNOOPER RADAR DETECTORS

Snooper Radar/Laser devices detect Gatso camera speed traps, radar guns, stationary and mobile radar and all laser devices.

Only Snooper Radar/Laser detectors are manufactured using "Eurotech 2000" advanced technology. "Eurotech 2000" enables Snoopers to detect the ultra-wide bandwidths used throughout Europe.

Beware! American detectors are tuned exclusively to American bandwidths which are much narrower than their European equivalents. Snoopers however detect radar and camera traps whatever the bandwidth giving 100% reliability under all conditions. Snoopers are undetectable in use.



1 £359.95

1 SNOOPER 745i

Digital technology ensures that the 745i outperforms any radar detector in the world. In independent tests it detected camera traps at over twice the distance of its nearest rival. Features include:-

- Front and rear laser and radar detection for total coverage.
- Separate audio/visual alerts tell you exactly what you are detecting.
- Special instant on/pulsed radar alert.
- Automatic mute program for city use.
- Range – Gatso cameras up to 150 yds., Radar guns up to 2 miles, Laser guns up to 1 mile.
- 2 year warranty.

252 4467 OUR PRICE **£359.95**

SNOOPER 615i R REMOTE

(Not shown)
The hidden version of the Snooper 745i for those who want a discreet installation. Features separate radar and laser detectors that can be built into the vehicle. The system is operated by a control module that can be housed anywhere inside the car.

252 4468 OUR PRICE **£359.95**

2 SNOOPER 525i

The 525i offers superb value for money in a full feature detector. Compact design together with excellent range makes this detector ideal for the serious driver. Features include:-

- Front and rear radar detection.
- Automatic mute program for city use.
- Separate audio alerts tell you what you are detecting.
- Instant on/pulsed radar alert.
- Range – Gatso cameras up to 100 yds., Radar guns up to 1 mile, Laser guns up to ¾ mile.
- 2 year warranty.

252 4469 OUR PRICE **£224.95**

SNOOPER 500i (Not shown)

The 500i is the budget version of the 525i. Whilst retaining most of the features of the 525i the range is more consistent with city driving providing a very affordable alternative for the casual driver. Features include:-

- Front and rear radar detection.
- Separate audio alerts tell you what you are detecting.
- Instant on/pulsed radar alert.
- Range – Gatso cameras up to 75 yds., Radar guns up to ¾ mile, Laser guns up to ½ mile.
- 2 year warranty.

2 £224.95

3 £127.95

3 ELECTRIC WINDOW KIT (2 DOOR)

Microscan Electric Windows provide both security and convenience in an affordable kit that is easy to fit to most vehicles. The system can be integrated with most good quality car alarms for "Total Closure" systems and comes complete with a universal three switch set. Features include:-

- Increased security and convenience – passenger windows can be operated from the driver's seat.
- Universal application – fits most 12V vehicles.
- Comes complete with all the necessary items for a professional fit.
- Three switch set included.
- Concealed installation.
- Compatible with most good quality car alarms for "Total Closure".
- Can be used on front or rear doors.
- Professional quality product – full 2 year warranty.

210 2746 OUR PRICE **£127.95**

ELECTRIC WINDOW INTERFACE

Allows an alarm with a suitable negative trigger to close the windows when armed.
Note: *One electric window interface will close two windows.*

208 5676 OUR PRICE **£19.95**

CENTRAL LOCKING KITS

Microscan central locking kits can be fitted to most vehicles providing both the convenience and security of automatic door locking. The kits come complete and are easy to fit. Also available at extra cost is an interface allowing the central locking to be connected to a suitable alarm system. Features include:-

- Locks/unlocks doors using the key or push buttons.
- Universal application – fits most cars.
- Increases security by ensuring all doors are locked automatically.
- Professional quality product – 2 year warranty.
- Compatible with most good quality car alarms.

4 £41.95

208 5677 Alarm Interface – vacuum locking. *(Not shown)* OUR PRICE **£23.95**

MICROSCAN ALARMS
MICROSCAN TALKING CAR ALARMS

Give yourself the edge over car crime by installing a Microscan Talking Car Alarm. Microscan Alarms use shock sensors to monitor the outside of the vehicle and, if triggered, warn the thief away "before" he damages your car. With two systems to choose from there is an alarm to suit both your vehicle and your budget.

1 £137.95

Micro SCAN TALKING ALARMS

1 AN303 TALKING ALARM SYSTEM

The AN303 provides many of the features found on top of the range alarms at a budget price. It is easy to install in any car and provides reliable protection both inside and outside the vehicle. Features include:

• Two stage adjustable shock sensor linked to a voice module – light touch warns the thief away, whilst a heavy touch sets off a full alarm • Battery back-up – keeps the system running after a power loss • Panic facility – protects against personal attack • 30Amp Engine Immobiliser • Voltage drop detection • Direct switching – bonnet or boot protection • Two remote controls • LED status indicator with memory and on board diagnostics • Arm/Disarm messages • 120dB 5-tone siren • Auto re-arm – system automatically re-arms after an intrusion • Fully upgradable • Professional quality product – 2 year warranty • Department of Trade & Industry Approved • Interior ultrasonic protection.

208 5679 OUR PRICE **£137.95**

AN302 TALKING ALARM SYSTEM (not shown)

Features as AN303 system but excluding Ultrasonic Protection.

208 5680 OUR PRICE **£105.95**

MICROSCAN CHIRP CAR ALARMS (non-talking)

Microscan Chirp Car Alarms offer a high level of security and reliability at affordable prices. Both alarms provide a host of advanced features normally associated with alarm systems costing twice the price.

AN202 SYSTEM (not shown)

The AN202 comes complete with 3 levels of security against attack within a completely upgradable alarm system. Backed by a 2 year warranty, the AN202 provides reliable security at a budget price. Features include:

• Adjustable shock sensor – monitors any intrusion • Battery back-up – keeps the system running after a power loss • 30Amp Engine Immobiliser • Panic facility – protects against personal attack • Direct switching – bonnet or boot protection • Direct switching – bonnet or boot protection • Voltage drop detection • Two remote controls • LED status indicator with memory and on board diagnostics • Arm/Disarm chirps • 120dB 5-tone siren • Auto re-arm – system automatically re-arms after an intrusion • Fully upgradable • Professional quality product – 2 year warranty • Department of Trade & Industry Approved

208 5681 OUR PRICE **£96.95**

AN203 SYSTEM (not shown)

Exactly as AN202 system but with the following additional features:

• Interior Ultrasonic Protection

208 5682 OUR PRICE **£129.95**

MICROSCAN MI230 IMMOBILISER (not shown)

Possibly the ultimate deterrent for car thieves is a professional immobiliser. The Microscan MI230 is easy and quick to fit, can protect a number of circuits and, once installed, is almost impossible to overcome. It works on the approved failsafe principal and comes with a limited lifetime warranty. Features include:

• Two 30Amp circuits with enclosed relays for ultimate protection • Two digitally coded touch keys with 1 million different codes • Anti-scan and Anti-grab • Internal siren – sounds inside the car if the system is attacked • Anti-tamper circuits – cannot be "hot wired" • Security wiring harness – cannot be traced by colour • LED visual and audible status indicators • Insurance approved design – cannot be activated when engine is on • Passive arming with auto re-arm for the siren • Universal application – fits all 12V vehicles • Limited lifetime warranty.

208 5688 OUR PRICE **£54.95**

PERIMETER PROTECTION

Now enhance your car alarm and give your vehicle added security by warning thieves "before" they damage your car. Both our perimeter protection systems feature a sophisticated microwave detector that monitors movement outside your vehicle as well as inside, using two adjustable zones.

2 DIGITALK VOICE SYSTEM

Digitalk features an adjustable outer zone which triggers a voice message warning the thief "Security – please step away". If the inner zone is triggered it sets off the car alarm itself. Real security at a realistic price. Features include:

• Adjustable perimiter zone – protects your car "before" it's damaged • Adjustable interior zone – intrusion sets off the car's alarm siren • Universal application – fits most vehicles/alarms • Voice confirmation of Arm/Disarm • Professional quality product – 2 year warranty.

208 5689 OUR PRICE **£84.95**

2 £84.95

3 £59.95

4 £125.95

DIGICHIRP PERIMETER SYSTEM (not shown)

Digichirp features the same dual zone microwave as the Digitalk but uses a Piezo buzzer to warn potential thieves that the vehicle is protected. Any intrusion of the outer zone sets the Piezo bleeping until the intruder moves away. An intrusion of the inner zone triggers the car's alarm system. Perimeter protection at a budget price. Features include:

• Adjustable perimiter zone – protects your car "before" it's damaged • Adjustable interior zone – intrusion sets off the car's alarm siren • Universal application – fits most vehicles/alarms • Professional quality product – 2 year warranty.

208 5690 OUR PRICE **£36.95**

ALARM PAGERS (Add-On)

Increase the security on your car and enhance your existing car alarm by fitting a pager system. Any intrusion can be monitored at a range of up to 2 miles.

3 MP 1000 PAGER SYSTEM

The MP 1000 provides a reliable budget-priced pager system that can monitor your vehicle at a range of up to 400 yards. Ideal for use whilst at work, shopping, the pub or at home. Features include:

• Universal application – fits most alarms/vehicles • Up to 400yds range depending on installation and conditions • Miniature lightweight receiver • Simple, 2 wire connection with screen mounted aerial • 12 months warranty.

208 5691 OUR PRICE **£59.95**

4 MP 3000 PAGER SYSTEM

An advanced, full feature pager with a host of options for the driver looking for the ultimate system at a very reasonable price. With a range of up to 2 miles and the ability to monitor up to three vehicles/zones plus base to pager manual paging, the MP 3000 is the most sophisticated pager around. Features include:

• Universal application – fits most vehicles/alarms • Up to 2 mile range depending on aerial used and conditions • Monitors up to 3 vehicles • Monitors up to 3 alarm zones • 3-level manual paging • Miniature lightweight receiver • Professional quality product – 2 years warranty.

208 5692 OUR PRICE **£125.95**

MICROSCAN ALARM ACCESSORIES (not shown)

Upgrade your car alarm using any of the following accessories:

CENTRAL LOCKING INTERFACE
Allows the alarm to lock/unlock the doors using an existing central locking system.
208 5683 OUR PRICE **£21.95**

CENTRAL LOCKING INTERFACE (vacuum type)
As above but using an existing vacuum operated central locking system, i.e Audi/VW/Mercedes.
208 5684 OUR PRICE **£23.95**

CENTRAL LOCKING MOTOR
Required when fitting a central locking interface if there is no locking motor in the driver's door.
208 5685 OUR PRICE **£9.95**

POWER WINDOW/SUNROOF INTERFACE
Allows the alarm to close existing electric windows or sunroof. NOTE: One Interface will control either two windows or one sunroof.
208 5686 OUR PRICE **£19.95**

MICROWAVE SENSOR
Detects movement inside the vehicle. Ideal for use with a cabriolet, as it is effective with the hood up or down.
208 5687 OUR PRICE **£21.95**

SERPI STAR AND GAMMA AUTO ALARM SYSTEMS

Serpi Star and Gamma Alarm Systems are among the world's leading manufacturers of car alarms. They have a reputation for producing the best car alarms at competitive prices, and are renowned for their quality, reliability and technical innovation.

They offer the latest in terms of features and functions which are being updated all the time to stay ahead of even the most determined and sophisticated thieves. They are all equipped with engine immobilisers which will make it almost impossible for joyriders and professional thieves to start your vehicle and drive away with it.

They are suitable for all types of cars and light commercials with a wide range of standard functions to cater for every possible requirement.

The alarm you select will be installed by Stop-a-Thief's nationwide team of qualified engineers, who will install it at your home, place of work or if a mobile engineer is not located in your area we will arrange for a convenient time for you to bring your vehicle to your local Installation Centre. This will ensure that your alarm system is installed correctly and to the highest standards.

To reinforce their reputation for quality and to show the confidence they have in their products, all the Alarm Systems come with a lifetime guarantee. They have all been tested and approved by the Department of Trade and Industry (DTI) and they conform to BS6803: Part 2.

If your car and its contents are worth protecting – fit the best – fit a Gamma Auto Alarm System.

STOPLOCK
THE STEERING WHEEL IMMOBILIZER

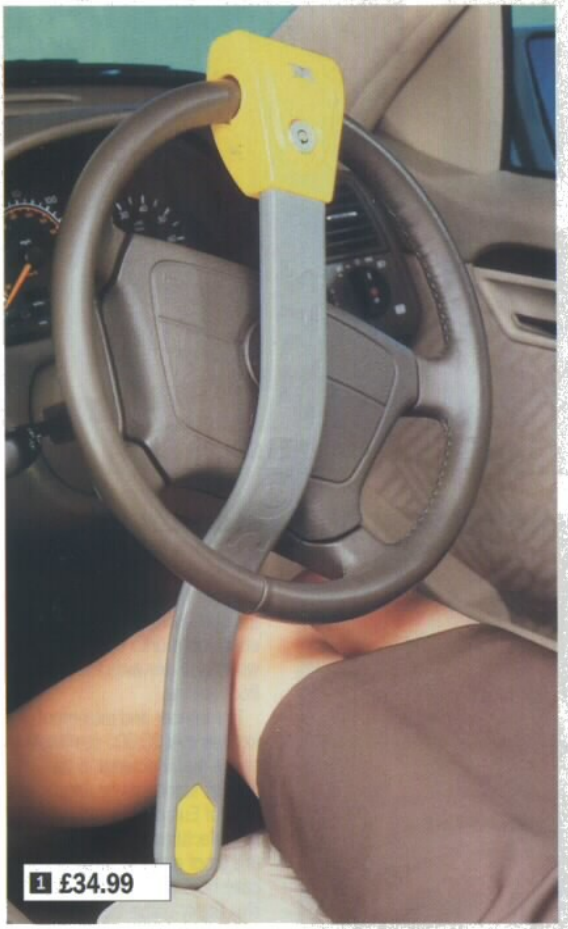
Stoplock is a highly effective and simple alternative to expensive and complicated electronic alarms. It requires no special installation, so it can be transferred from vehicle to vehicle, and yet is extremely difficult to foil.

Unlike other mechanical security devices, Stoplock is covered in a skinned foam casing to complement and protect modern vehicle interiors. This highly secure device also warns the thief with a Flashing Warning Light.

- Easy to fit – snaps shut without the key.
- Highly visible – day or night to deter thieves.
- High security – 10,000 variation antil drill lock, high grade steel bar which restricts removal of steering wheel and airbag.
- One year guarantee.

1 STOPLOCK ORIGINAL

Fits most vehicles including those with half sized airbags.
206 4473 OUR PRICE **£34.99**

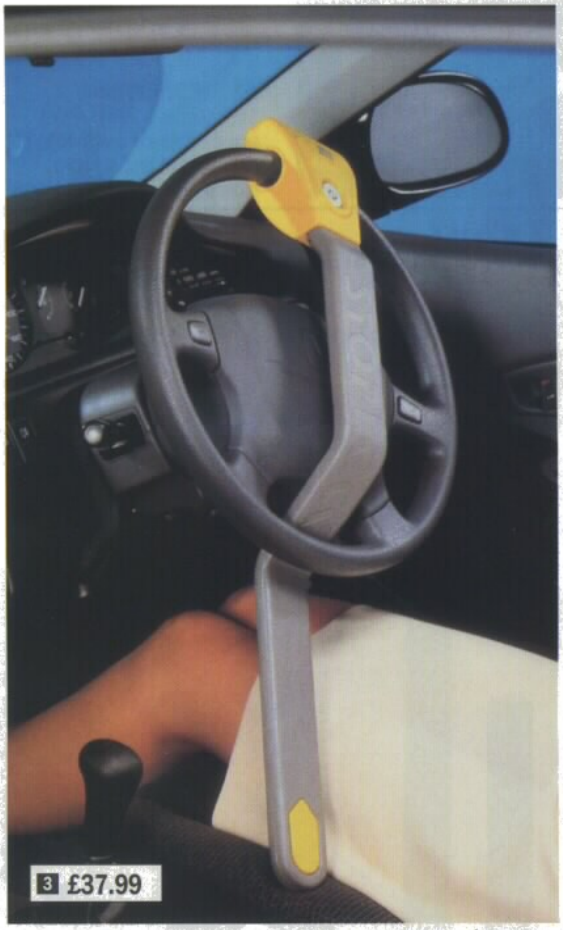


2 STOPLOCK 4X4

Fits most 4 wheel drives, larger cars, MPVs and vans.
206 4474 OUR PRICE **£37.99**

3 STOPLOCK AIRBAG

Fits most vehicles with full sized airbags.
206 4475 OUR PRICE **£37.99**



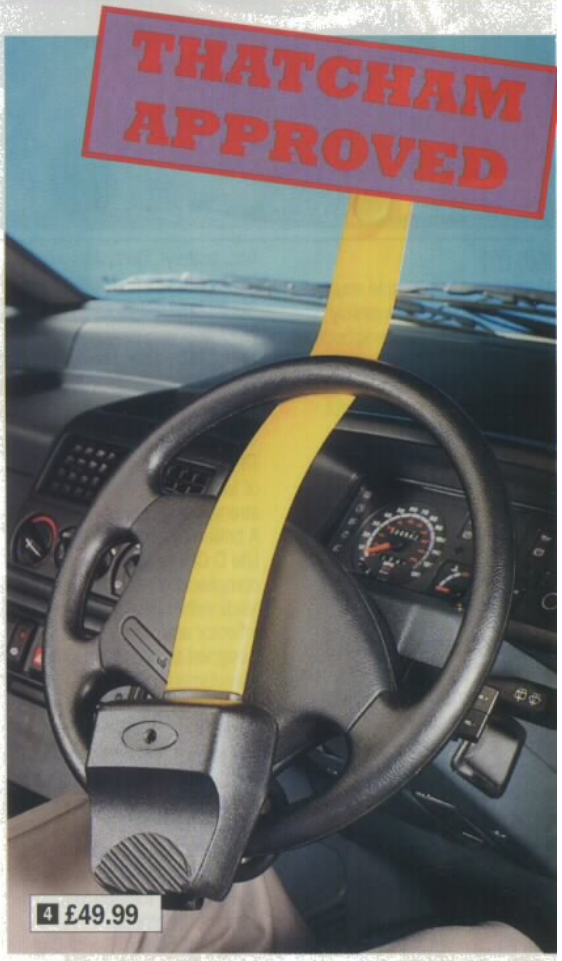
4 STOPLOCK PRO
THE EXTRA HIGH SECURITY STEERING WHEEL IMMOBILIZER

Stoplock Pro is a superior quality steering wheel immobilizer which is highly visible and extremely secure.

Stoplock Pro has been evaluated by Thatcham and meets the British Insurance Industry's criteria for vehicle security. To reach this benchmark in quality Stoplock Pro has been fully attack tested.

- Superior security – locks on to both rim and arm of steering wheel.
- Resists saws and drills – highest specification deadlock system.
- Easy to fit – transferable from vehicle to vehicle.
- Stylish design – looks good on all vehicles.
- Two year guarantee.

Fits most vehicles with or without airbags.
206 4476 OUR PRICE **£49.99**

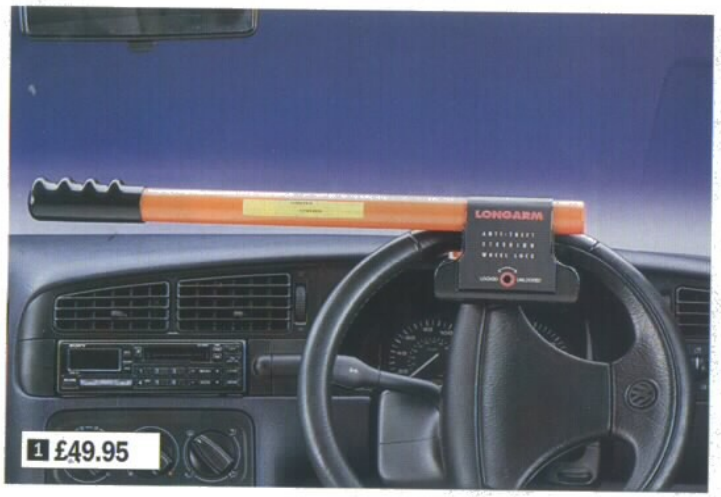


5 STOPLOCK STEREO LOCK

Stoplock Stereo Lock helps prevent your radio cassette player from being stolen. This effective deterrent to theft and vandalism is highly visible from outside the car. It can be fitted in seconds to most front loading players, even those with removable front panels.

Stereo Lock's unique design delivers double protection. Firstly it locks into the cassette slot and secondly, the lock is attached to the steering wheel by an incredibly strong braided steel cable.

This fail safe device has a 5,000 variation anti drill lock for extra security. Stoplock Stereo Lock – a superb visual deterrent.
221 2869 OUR PRICE **£19.99**



1 £49.95

2 £24.95

2 £24.95

1 CARFLOW LONGARM

LongArm is the latest tough vehicle anti-theft device from Carflow, the manufacturers of the successful StrongArm. It easily locks onto the steering wheel and prevents the wheel from turning.

The tamper and pick-proof lock has over 25,000 combinations and is manufactured to the highest standards by Abus (one of Europe's leading lock manufacturers). The lock itself is drill proof and the LongArm is case hardened and saw proof. This highly visible deterrent, fits in seconds and is suitable for all makes of cars.

Guaranteed for life.

206 2937 OUR PRICE **£49.95**

2 STRONGARM

StrongArm is a tough vehicle anti-theft device designed to put our minds at rest. It hooks around the foot pedal and locks on to the steering wheel.

Strength is StrongArm's main benefit, distinguishing it from other vehicle theft deterrents.

Constructed of solid steel and with its component parts fully welded, StrongArm weighs a hefty 2.2kg (4.9lbs) making it tough to bend, break, saw, or kick out of place.

Lock integrity is StrongArm's other major feature. The StrongArm lock is amongst the most difficult to pick with over 3000 genuine key configurations. There is no skeleton or master key available – even from the manufacturers! So as long as you have your key safe, you have your car safe.

It is hinged in the middle so that it can be stored away discreetly.

'What Car?' verdict 'Simple, cheap and above all very efficient'.

206 2938 OUR PRICE **£24.95**

MAG-LITE

More than just a simple source of light a Mag-lite is superbly crafted and precision engineered to exacting standards from the finest aircraft grade aluminium. Mag-lite torches are powerful, efficient, reliable and tough enough to last a lifetime. Practicality however is not achieved at the expense of looks which explains why Fortune and Money magazines have named Mag-lite as one of America's finest products.

3 MAG-LITE SOLITAIRE

Very small but very powerful. The Solitaire comes complete with a unique patented key pad that allows you to shine the torch at the keyhole and use the key at the same time.

Length: 80mm. Weight: 25g (inc. battery). Complete with:- Lanyard, AAA battery and spare bulb. Available in Black, Blue, Red and Gold.

149 6118 OUR PRICE **£9.99**

4 MAG-LITE MINI AA

The most popular size Mag-Lite for the motorist. It incorporates a hole for the lanyard ring.

Length: 145mm. Weight 110g (inc. battery). Complete with:- 2xAA batteries and spare bulb. Available in Black, Blue, Red and Gold.

149 6119 OUR PRICE **£14.99**

5 MAG-LITE D-CELL TORCHES

The panther head is the symbol of Mag, a reminder of sleek strength and powerful efficiency. A brilliant source of light, Mag-Lite D Cell torches are a complex and balanced working relationship between lamp, reflector and power source. Designed to work hard in any environment all feature a self cleaning switch, superior metal contacts, high grade rubber O-ring seals to aid water and shock resistance, a spare bulb secured in the tail cap and a unique fast focus beam that adjusts from spot-to-flood with a twist of the wrist. All this adds up to the best and brightest torches that outshine all others.

Head Dia: 56mm, Barrel Dia: 41mm. Mag-lite 3-D Cell (Batteries not supplied). Length: 310mm. – Black.

149 6120 OUR PRICE **£24.95**

Mag-lite 6-D Cell (Batteries not supplied). Length: 490mm. – Black.

KC DAYLIGHTERS

Incredible power. Incredible value. The KC Daylighter range offers lamps of unparalleled power. This 150 watt light generates a massive 350,000 candlepower with a useful reflective range approaching 4 miles. KC's are supplied with the traditional housing and patented vibration resistant mounting using Westinghouse optical units.

Because KC lamps were designed to use in competition they are ideal for high speed night driving anywhere. With an overall diameter of 6.25ins, and a depth of 5ins, the lamps are compact, which allows them to be mounted on most vehicles. Daylighters come complete with yellow covers which are also available separately. 150W lamps are completely legal for use on public roads but, as with any auxiliary lights, they must be wired and mounted in accordance with the law.

SPECIALISED CAR COVERS

Throughout the world, the name of Specialised Car Covers enjoys an enviable reputation for quality and reliability. Specialised Car Covers manufacture beautifully designed, yet functional, individually hand-tailored dust proof or waterproof covers which are precision cut and tailored to fit any make of car like a second skin.

Each cover is designed with securing straps on both sides to ensure a snug professional fit.

An extensive colour range is available, together with individual specifications, such as customer's own logo and maker's marque.

With a specialised car cover your vehicle is kept in prime condition and its value is maintained.

Official suppliers to: ASTON MARTIN, SUZUKI, LAMBORGHINI, LANCIA, FERRARI, LAGONDA, HONDA, JAGUAR, ROLLS-ROYCE etc.

from **£150.00**

from **£180.00**

from **£150.00**

WATERPROOF COVERS

Made from 4 oz nylon, coated with Hydrolysis resistant P.U. and Scotchguard proofed. All seams are electronically welded and taped, making the cover 100% waterproof. Quick release adjustable tie-down straps are available, together with co-ordinated storage bags.

Colours available: Black, White, Red, Silver Grey, Royal Blue, Mid Green, Burgundy, British Racing Green.

262 1072 FROM **£180** TO **£425**

Note: Logos not available on waterproof covers.

from **£150.00**

from **£150.00**

DUST COVERS

Made from 100% sateen cotton, this product is washable, silicone finished, vat and azoic dyed. The fabric is breathable, tightly woven to repel dust, and is non-scratching. Co-ordinated storage bags available.

Colours available: Black, White, Red, Gold, Silver Grey, Yellow, Mid Green, Brown, Mid Blue, Pale Blue, Burgundy, British Racing Green.

262 1073 FROM **£150** TO **£395**

Please contact for exact price for your car. Covers available for motorcycles and helicopters. Please call for details.

HOW TO ORDER

We want to make sure that you are completelty satisfied with everything you order from our catalogue and with every aspect of our service. We constantly encourage our suppliers to improve the quality and update the specification of their products, so when you sometimes find minor variations from the catalogue description you can be sure they're changes for the better. Please help us to help you by quoting the exact size and colour required wherever a choice is offered. You can be assured that we always do our utmost to hold our prices for the life of the catalogue. Unfortunately, due to circumstances beyond our control, such as VAT, inflation or currency fluctuations, prices do sometimes have to be changed. We must therefore reserve the right to alter prices at any time.

HOW CAN I ORDER?

It's very easy, you can order by 'phone, post, fax or visit one of our shops (see pages 2 and 3).

WHAT DO I NEED TO MAKE A 'PHONE ORDER?

For all items, dial 01582 471700. We just need details of your order and credit card number including expiry date and issue number.

VISA Access DINERS AMERICAN EXPRESS SWITCH

WHEN CAN I ORDER?

24 hours a day.
We are open Monday to Friday, 9am to 6pm and Saturday 9am to 5.30pm.
Outside these hours please leave details on our answerphone.

HOW DO I ORDER BY FAX?

Simple!
Fax your completed order form to us on **01582 608771**.

HOW DO I ORDER BY POST?

Simply complete the order form using bold, block capitals, then send it (using our FREEPOST address shown below) with your cheque, postal/money order or bank draft – made payable to Carnoisseur.

Please allow 7 working days before despatch of orders when paying by cheque (subject to availability of goods.) However, if you have a valid cheque card we can give you immediate clearance on personal or business cheques up to **£500.**

Please ensure your name and address, including post code and card number are clearly printed on the reverse of your cheque.

When payment is made by postal/money order or bank draft most goods are despatched within 48 hours subject to availability of stock. Credit card orders are despatched within 48 hours subject to card authorisation and stock availability.

NOTE: Please send your order using our FREEPOST address (no stamp required).
CARNOISSEUR, FREEPOST LOL 1935, Dunstable, Bedfordshire LU6 3YY.

WHAT ABOUT VAT?

Our prices INCLUDE VAT @ 17½%.
If the rate of VAT changes, obviously our prices will change accordingly.
Please remember our prices include VAT when comparing prices.

CAN I ORGANISE CREDIT?

As a registered credit broker, Carnoisseur are able to arrange credit on any product we sell, subject to a minimum of £100.
Written quotation available on request.
Available from Shops and Mail Order.

IF I PAY BY CREDIT CARD, WHEN WILL MY CARD BE CHARGED?

Your card will be charged when the goods are due to be despatched. However, before we order certain tailored products, e.g. mats and car covers, we will charge and authorise your card upon receipt of your order.

HOW LONG WILL DELIVERY TAKE?

Most goods are despatched within 48 hours of receiving your order, subject to availability, therefore, if they are sent by POST, please allow up to 10 working days in total or, if sent by CARRIER, 4 working days.
Tailored items, such as fitted car mats, car covers and certain embroidered clothing, are individually manufactured and take up to 28 days from receiving your order.
If you are ordering by telephone an estimated delivery date will be quoted.

WHAT IF I HAVE A PROBLEM WITH MY ORDER?

Don't worry, if the goods sent to you are not acceptable for whatever reason, return the order within 14 days in a resaleable condition, carriage paid, and a refund will be issued.*
**Providing the goods returned have not been specially ordered or manufactured to meet your specific requirements.*
This does not affect your statutory rights.

HOW DO I RECEIVE MY ORDER & WHAT ARE THE DELIVERY CHARGES?

Any order under £50 can be sent by either Parcel Post - £3.50 per order; or Carrier - £8.50 per order.
All orders over £50 are sent by Carrier - £8.50 per order.
These charges include VAT at 17½%.
We use a range of freight companies, to give you the best service. If you live in Northern Ireland, Scottish Highlands and Islands, Isle of Man or Channel Islands, please ring us for a quote.

WHAT IF YOU ARE OUT OF STOCK OF AN ITEM I HAVE ORDERED?

We endeavour to hold good stocks of most listed items. If for some reason we are unable to supply a particular item with your order we may:

a) wait for a delivery from our suppliers, if this is imminent, or
b) If long delays are expected, cancel this part of your order and either refund you or not charge your credit card, depending on your original method of payment.

WHAT IF I AM NOT HAPPY WITH ANY ASPECT OF YOUR SERVICE?

If any aspect of our service has not met with your approval, we are anxious to know about it. Write to Philip Hammond, Managing Director, and your letter will receive prompt, personal attention.
